EC-Norm for the safeguarding of toys

Dear customers,

The legislator stipulates that toys must comply with an EC standard and be marked with the „CE“ symbol.

Our items are mainly handicraft materials, i.e. starting materials. Thus, they are not subject to labelling and therefore do not have to comply with the strict regulations that apply to toys (e.g. danger from swallowing small parts such as wooden beads etc.). Please make parents and teachers aware of this issue.

Products that have not been tested and labelled, or products made from them, should generally be kept out of the hands of toddlers under 36 months. Children under age 14 should do handicrafts under adult supervision, by taking the general safety precautions (when it comes to knife, fork, scissors, light ...).

We wish all users many enjoyable hours of crafting and a lot of joy with the things they have made.

All items with a yellow mark are **novelties**.

Autumn glow at home

Colourful home decor ideas for spending days cosily

Autumn is the season of transition and it invites us to take a step back. The beauty and the vibrancy of the landscape drowned in the autumn colours are almost breathtaking. The colours of autumn are simply peerless: yellow, orange and red provide a unique touch to the atmosphere of this season.

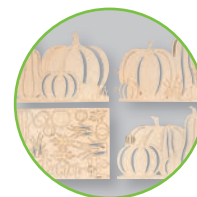

Your customers can faithfully recreate this bright atmosphere in their homes with our autumn assortment. Felted pumpkins, wooden wreaths in incandescent colours, decorations made of moss, wooden slices as a base for candleholders or even natural dried flowers as a table decoration: all of this creates a warm autumn ambience at home.

The warm light of the flickering flame of a candle in the room and the quiet crackling sound of the burning wood in the fireplace or furnace have a soothing effect on the soul. Cool and rainy weather is inevitable outside, but warm colours, candles and natural materials will chase away the grey rainy atmosphere of the outside world. You can creatively turn autumn into a pleasant and satisfying time of year, while being inspired by the power of nature. All things considered, autumn means enjoying the radiance of light to the full!

Good basis is essential at all levels

Making an Advent wreath yourself should not be a chore. Blanks made from woven wicker impress with their plain, natural look. Straw wreaths can be quickly turned into **classic wreaths** with natural twigs. Or would you prefer an other-than-temporary **Advent layout** this year? Then a self-cast tray is certainly a great solution and a true decorative eye-catcher.

Macramé in the service of Christmas

Macramé is a topic that has been inspiring for so many years. Knot by knot, true artworks emerge. Even at Christmas and as a home decor during the winter season, macramé handicrafts do not look outdated and are certainly not run-of-the-mill. In combination with wood, they become a great decoration even after the Advent and Christmas season.

Candles are the symbol of warmth, light and feeling of security – especially during the Advent and Christmas season, we feel a real need for this cosy inner feeling at home. And **making candles yourself** is double as much fun: especially when you cast and decorate them to give them as gifts.

- Gnome – this Scandinavian creature impresses young and old and is gaining in popularity worldwide
- A wooden gnome door should therefore not be missing in any household in the pre-Christmas period
- At the beginning of Advent, the gnome moves in behind a wooden gnome door

- Amazing stories entwine around this creature: it ensures extraordinary fun, plays tricks, leaves letters or little surprises at night – however the gnome remains hidden and lives unnoticed, because that's the only way to keep its power
- The gnome doors are lovingly designed, thus the magical gnome world can be decorated with all kinds of creative material (little trees, snowflakes, string lights...)

Bringing people joy

Through Christmas gifts and greetings

It really is a great pleasure to give gifts to loved ones at Christmas. Not only because you want to do something good for others, but also because it's fun to be creative and wrap gifts in an original way. Whether with ribbons, decorative cords, gift tags or Christmas shapes to scatter - there are many ways to decorate the gifts festively.

With the appropriate accessories that you can find here for your customers, your perfect gift can be further emphasised and at the same time your personal appreciation will once again be shown through a pretty packaging. A cardboard box as a gift box, for example, can be used afterwards as a storage box. So every gift becomes a one-of-a-kind ornament under the Christmas tree.

Besides gift giving, sending Christmas greeting cards to loved ones is also a very important part of the holiday season. And since these cards are for people we care about, they have to be special - namely homemade. Everything about designing creative cards for your customers can be found here.

Give your creativity free rein by adding a personal touch to your gifts and greeting cards - the joyful anticipation is rising and Christmas may begin!
