2018

To be creative makes you happy.
Everything to spark your creativity is available here!

Dear business partners,
dear Sir or Madam,

DIY accompanies people throughout their life. In childhood, we learn how to handle with colours and shapes. Later on, the necklaces will be knotted, candles designed, tables for family celebrations decorated. Your own four walls get your very personal touch, the self-made bag is omnipresent and the keychain comes with a pendant that is self-made with love. That's always how it goes – but what has changed in the meantime?

Today, own creations are proudly presented to the rest of the world. DIY-ideas and inspirations are demonstrated, shared and liked via Internet and social media networks. We are very pleased about this development. Now we have the opportunity not only to encourage the creativity, but to be also a part of it and to support and inspire creative minds anytime & anywhere.

This catalogue contains far beyond 17000 products that enable us to do that.
Just as our motto says: Being creative makes you happy. Everything that is able to give life to the creativity – we have the know-how!

Have fun browsing and discovering numerous innovative craft ideas!
Your family Rayher

EC-Norm for the safeguarding of toys

Dear customer!

The legislator provides that toys have to meet the EC-norm and have to be marked with the symbol “CE“. Our articles are mainly handicraft materials (basic raw materials) which have not to be marked and often do not meet the strict regulations. (e.g. danger by swallowing smaller items like wooden pearls etc.)

Please draw the parents’ and educators’ attention to this problem. Small children less than 36 months should, in principle, should not be given products which have not been examined nor marked, or products derived from these products. Other children less than 14 years should do handicraft work under supervision and with all usual precautionary measures. (knife, fork, scissors, light...).

We wish you a few pleasant hours when doing handicraft work and a lot of pleasure with your self-made creations.

All items with a yellow marking are **novelties**.

Please refer to our latest price list for the current terms & conditions.

Please note:The number in brackets is the minimum order quantity. Please only order in multiplies of e.g. (6) = 6, 12, 18 etc.

34 228 000 (6)
Creative-soap
opaque, pad 200g

Through bulk purchasing, you may obtain a **quantity discount** on items shown in our price list.” stehen.

DAILY SOAP

Do-it-yourself - the creative waste of time that makes you happy!
Sure, you can buy Soap & Co. - but not THIS one.
Everyone can decide for himself how the look of his personal soap should be and what kind of message should his soap transmit.
This product concept is as diverse and exciting as a "Daily Soap". All ingredients are compatible and can be optimally combined.
By labelling and stamping, the homemade masterpieces are even more individual and stylish.
More simple than ever before – more creative than ever before – more refreshing than ever before.
So is the "do-it-yourself" already a pure "wellness" and at the same time a portion of "wellness" can be given away as a present.
Made with heart, given with heart!

Exclusiv by Rayher

- Specially designed for the moulding of soaps in the Rayher wellness-kitchen
- Beautiful basic shapes which alone are just enough or can be easily personalized with the Rayher-labels
- 1 mould contains several suitable shapes
- The highly transparent and stable PET is very durable and can be used repeatedly
- Besides, not only suitable for soap, but also for other molding techniques such as cement or Raysin

Latex Full Form Mould: Frog Prince
9x8.5cm, tab-bag 1pc

34 302 000 (4)
Latex Full Form Mould: Duck
6.5x9cm, tab-bag 1pc

Durable full forms out of latex, ideally suited for the creative-soap, creative-cement and Raysin.
Always reusable.
Application:
Hang the form in an appropriate opening of a holder or a glass. Pour in the casting compound, shake it gently until the air bubbles increase to the surface and then disappear.
Before removal, let the casting compound dry and harden.

34 344 000 (6)
Emulsifier for the cosmetics
bottles 50ml

- for mixing into the soap mixture
- the emulsifier allows the mixing of oils and fats with water, the creative-soap is water-based
- natural oils such as for e.g. the olive and grapeseed oil can be mixed into the creative-soap
- Added amount: approx. 3%

Exclusiv by Rayher

Tell it with soap!
The special messages give each soap-bar that special Something.
Whether casual and sassy, classy and chic or classic – for each is the right print invented.
The high-quality natural rubber has been adjusted to the soft soap material so that the printings appear deeply and clearly.
They are simply inserted into the soap mold and poured over with liquid soap.
After drying, you can remove the label and use it over and over again.

CK: Daily Soap – Wellness gift set
f. 4 soap-items, box 1Set

Exclusiv by Rayher

Content for one bath-salt 50g, one mint casting-soap, one pink kneading-soap and one kneading-soap heart.
In addition, a plastic heart with flowers and silk organza ribbon for a nice gift wrapping.

It's not only a great pleasure of making it by yourself, but rather a pleasure to give it away as a present.
Whether soap, bath salt or bath balls – by using simple tools you can create lovely designed and wrapped wellness products.

Tell it with stamps!
Whether on paper bands, trailers or directly on beautiful gift boxes – a stamp gives to the personal "daily soap" the finishing touch.
Faithfull to the slogan, individual stamp designs have been developed, that way it's more fun to make the homemade soap.

CREATIVE CEMENT

Easy casting of decoration objects with the creative beton powder. The crude and trendy cement caracter makes simple things to extraordinary eye catchers: whether bowls, candle holders, coasters or vases. Only mix the powder with water and grout it in a form. The specific qualitiy of theRayher creative cement is that this cement is suitable for the use at home and theres no requirement to label (neither irritant nor hazardous to health). Weather-resistant, frost-resistant.

Creative Impulse Award 2015

Never-ending creative possibilities!
Round into square or star into round, four small in one big or just a star?
With this casting moulds everything is possible.
The forms can be used separately or combined with each other.
Before moulding the forms should be oiled with a cooking oil.
The high transparent and stable PET is longlasting and brings creative ideas into the right forms again and again.
Creative cement or Raysin, water and casting moulds of your choice - ready are your own decorative pieces.

Small forms out of LDPE for classy cement-decorations!
The high quality creative cement is presented optimally in the noble and simple forms:
thin moulded as elegant hanger or tree decoration or when completely moulded as small festive decorations for table and windows.
The soft, flexible and at the same time robust LDPE-material of the food-safe casting moulds makes the demoulding easy and the form durable.
Creative cement or raysin moulded in classical casting moulds makes every occasion a stylish event.
And now you can be even more creative:
Paint the moulded forms with acrylic paint, label or decorate them originally with the highly opaque acrylic marker or refine them with a touch of the deco metal.

Latex casting mould full form: Bird
11,5x10cm, filling cap.400g, tab-bag1pc.

34 216 000 (4)
Latex casting mould full: Garden gnome
8x21cm, filling cap.600g, tab-bag 1pc.

Durable full forms made of latex, ideal for moulding creative-cement and raysin.
For perpetual re-use.
Application:
Hang up the mould in a suitable opening of the holder or of the glass. Pour the casting compound, shake it gently until no more air bubbles appear on the surface. Before demoulding, allow the casting compound to dry and harden. Before painting and decorating, allow the figure to dry thoroughly.

casting mould: round shelf
Depth 1cm , 3-part, ø25cm, ø18,5cm, ø13

- 3-part casting moulds set
- for moulding of 3-tier cake stand
- ideally suited for creative-cement or Raysin
- casting moulds sizes: 25cm / 18.5 cm / 13 cm / each 1cm deep
- casting moulds out of a highly-transparent, stable PET

36 068 000 (4)
Flow and glass drill, 6mm ø
Drill for shelves

The glass drill was adapted to the specific properties of glass and ceramics. The cutting edge geometry is constructed in such a way, that problem-free drilling of these hard and brittle materials is executable. Thus also ideal for the cement and raysin.
- Can only be used as a machine drill.
- The horizontal drilling is advantageous for the wear behaviour of the drill and the quality of the bore.
- The item to be drilled should be positioned evenly and held firmly.
- If a hammer drill should be employed by drilling, the impact mechanism has to be switched off!

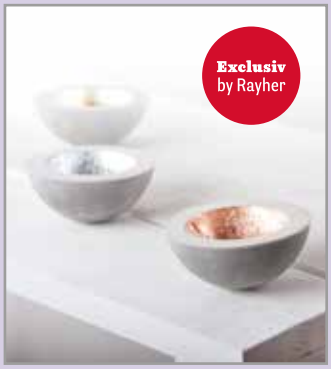

Made in Germany

The very special knead-cement opens up completely new dimensions for the cement design.
It is ready-to-use and can be easily mixed with water.
Then it is easy to be modeled and shaped as well as the dough.
Thus creative deco-elements can be created that cannot be molded with casting cement.
After hardening, the knead-cement is rock-hard and weatherproof – without oven.

Modelling clay air-drying, 1 kg
34 502 00 white (1)
34 502 72 terra (1)

Ready for use, smooth and easy to work with, needs no firing, dries without cracking.

Air-drying potter's earth, 1 kg
34 501 02 white (12)
34 501 05 dark brown (12)

Air-drying potter's earth, 0,5 kg
34 499 02 white (24)
34 499 05 dark brown (24)

Simple and clean processing. Finest modelling owing to a soft consistency. Has not to be fired - only to dry.Speeding up the hardening in the oven.
Firing in the ceramic oven at 1000 °C is possible.

34 494 00 (14)
Modelling clay air-drying
Granoplast, 400 g

This unique compound consists to the bigger part of real granitic sand. By the composition of the recipe a very smooth and easily shapable modelling clay was generated, which is convenient for the embodiment of stone and granitic objects. After drying the glimmer effect of the stone as well as a subnatural look appear.

Granoplast is suitable for making a structural design with layers. Especially bigger objects should be built on a core with several layres. This material compounds smoothly with surfaces which are already dry.

Granoplast is air-drying. For accellerating this process it can be heatened in the oven at low heat (not more than 80°C) as soon as the surface is dry.

Granoplast is restricted waterproof, this means objects which do not stand directly on the ground can be placed outside. However they should be protected against frost.

Casting kit with photo frame
frame. 30x20cm, cutout: 2 times 10x15cm

How nice it is to make an unique mould of the little hand or the little foot of the baby. It is a souvenir for eternity which you cannot only make for you but also for all friends and relatives. To enable this we made this material kit. It contains all products and the complete accessories. The picture frame which is also included in the kit can be decorated with the picture of the child and the fully plastic cast. A detailed instruction for this kit is included.

36 002 000 (1)
Soap kit with 4 forms
transp. soap block, fragrance oil a colo

In this basis kit there is everything contained to make four small red sopas which smell like vanilla.
The casting mould heart, shell, starfish and oval are filled with the ready-made soap mixture.
After hardening you can remove the small sopas from the mould.
If you use it as a small git or for your own bathroom - these sopas make not only shine freshlywashed hands.
You find detailled instruction in the kit.

The Sapolina Creative Soap was testd by an accredited institute for dermatoloty.
Test result: This product can be named as an excellent soap product.

Highly effective, on an ecological basis modified glycerine soap.
As universal neutral soap established by its naturally acting washing characteristics.
The eco soap is suitable for every skin type.

Powdery casting paste on a pure biological base which hardens quickly. Therefore this product is called Quick Casting Paste. It hardens within 8-10 minutes after mixing (mix ratio: 3 weight parts water and 1 part quick casting paste). Right afterwards the finished moulds can be filled with resin, polyester cast resin and relief wax. The quick casting paste is suitable to form nearly every object very quickly and smooth e.g. reliefs, figures, parts of faces, prefigurations, moulding blanks for carving, fossiles etc. Quick casting paste only contains natural compoments, is pH-neutral and therefore perfectly suitable as body casting paste e.g. to make a perfect plastic form of hands, feet etc.

34 131 00 (2)
Quick casting paste
500 g

- Creamy white filler
- For relief-like and three-dimensional surfaces and for embedding of object
- Ideal for wood, paper-mâché, MDF, ceramics, metal, canvas, etc.
- Apply a layer up to 1 cm thick layer, the drying time depending on the application, approx. 2-3 hours
- Can be dyed and painted with an acrylic paint

38 759 000 (6)
Paste for spatula motives
box 200g

Highly elasticated mould mass to produce seamless hose moulds and casting moulds without any problems.
With latex emulsion you can form precisely models out of plaster, wood, clay, even at extremely deep cuts.
Latex emulsion is extra-ordinary elasticated and unbreakable.

Silicon caoutchouc RTV is a designation for 2 components-
Silicone caoutchouc-systems are vulcanizing by room temperature.

34 111 00 (1)
Silicone caoutchouc, NV with catalyst
1,0 kg, 10 ml catalyst

34 116 00 (1)
Silicone caoutchouc, HB with catalyst
1,0 kg, 10 ml catalyst

Silicone caoutchouc RTV/NV (low viscosity)
To produce negative moulds with a complicated shape.

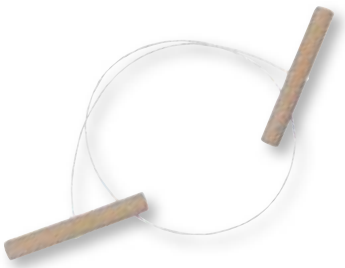

The mould mass is especially for negative moulds with a complicated shape. It is extremely elasticated, cold vulcanizing, solvent-free and has a low viscosity. Precise moulding for wood, stone, ceramics, metal.

Silicone caoutchouc RTV/HB (heat-resistant)
To create heat-resistant moulding forms of tin or lead.

The mould mass is especially for negative moulds to mould tin or lead. It is heat-resistant, little elastic, cold vulcanizing and solvent-free. Precise moulding for wood, stone, ceramics, metal.

Mosaic

ARTDECOR

Compared to the cut out glass mosaic stones Tiffany are the "ArtDecor" stones cast in a form. That's why they have always the same measure. The surface of the stone is smooth and looks stony. The underside of the stone is corrugated, that gives more space for the glue.

For a surface of about 6 x 9 cm

Mosaic

CERAMICA

Ceramic stones for mosaic workings
Usabe for e.g. metal, wood, paper-mâché, glass etc. Can be cut with scissors. Frost resistant and suitable for outdoors. Additional material needed: Mosaic glue, Art. 33 385 00, joint compound, Art. 14 601 00, spatula and sponge
! Attention: Not suitable for children under the age of 8 !

Already the Phoenicians used mosaic stones made of ceramic for mosaic workings. Our Ceramica series refers to this tradition. The forms are not cut exactly, the hights vary a little bit and the surface is different from stone to stone on purpose. Slight differences in colour underline the natural character of this issue.

Made in Germany

It is no problem for small hands to cut glass very easily and securely: Because of the good leverage one light pressure with the pliers is enough. The security is guaranteed by the stable protection plate. The robust, maintenance-free aluminium construction is indestructible and can be used for a very long time.

bottle 25 ml

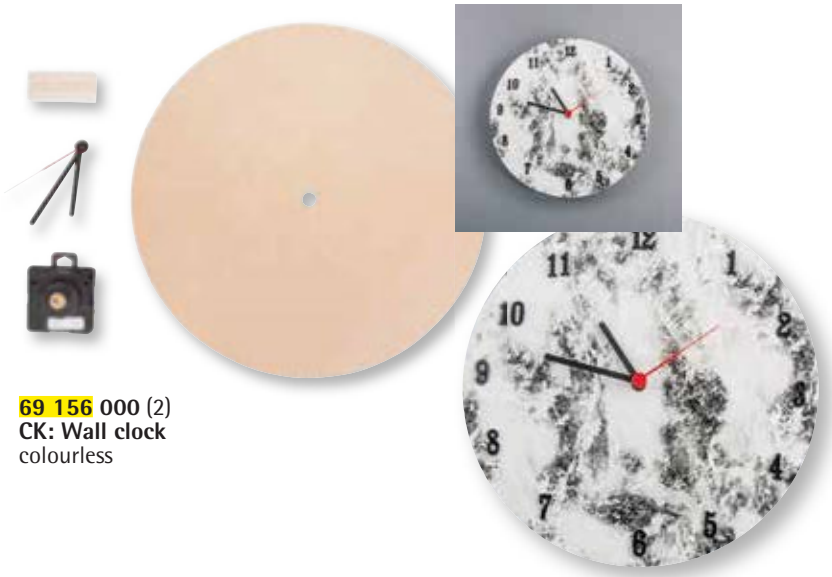

How to use:
- Apply the adhesive milk and allow to dry.
- Put on deco-metal in tiny or big pieces and press it with a brush onto the object.
- Wipe off the rests with a brush or a soft cloth.
- Air well.
- Now you can polish the object with a soft cloth, eventually apply some protective varnish.

Do-it-yourself clocks

To make clocks is fun for kids as well as for adults and the result is furthermore a useful article of daily use.
Whether a little standing clock or a clock for the wall, the scope for design is inexhaustible.
The wooden parts can be decorated in many different ways, they are suited for painting, stencilling, covering, stamping, for napkin technique etc.
The numerics are being painted by hand or by the help of stencils. Ready adhesive numerics are also perfect.
The stencil sets can be used for many different types of design. A detailed instruction is enclosed in the package.

Cork – the basic material!
Natural and sustainable materials are the new trend in living and fashion.
In the front of it: Cork!
What makes cork special?
Cork feels good, it's soft and smooth at once. It has a very special touch.
Cork is a natural product, it's free of chemistry and synthetics
Cork is water- and dirt-repellent, can be recycled and is bio-degradable.
Cork – the perfect material for creative decorating, practical aids or accessories!

Cork fabric is a solid material, similous to leather and available in two thicknesses.
The surface is coated with thin, real cork.
The backside of the cork fabric 0,5mm is coated with tissue, the backside of the 0,8mm cork is coated with PU-foam and tissue mix.
Cork fabric offers several possibilities to wirk with it:
- Cutting, sewing, glueing, punching, perforating, painting, labelling etc.

Care instructions for cork fabric:
- wipe away the dirt with a dump fabric
- iron with an ironing cloth at low temperatur
-do not bleach
- do not use tumble dryer
- no chemical cleaning
- do not wash

Blades for turning knuckle cutter
tab-card 3 pcs. f. Art. No. 89-579-00

89 579 00 (3)
Turning knuckle cutter
tab-card 1 pc. + 2 spare blades

- Precise cutting of angles, curves and lines.
- Suitable for paper, crepla, fabric, etc.

Easy replace of the blade:
1 Untwist carefully and just a bit the end of the holder to loose the blade fixation.
2 Remove carefully the blade.
3 Insert carefully the spare blade.
4 Close to fix the holder with the blade.

- Ideal for cutting of cycles, curves and motives
- Suitable for paper, foils, photos, crepla, etc.

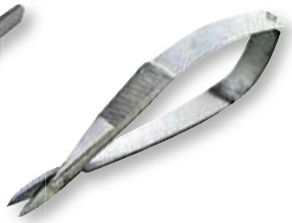

Easy replace of the blade: Untwist at the end of the holder, replace carefully the blade. Close to fix the holder with the blade. First make a test cut. Hold the turning knuckle cutter like a pen uprightly. Pull the cutter in your direction and allow that it turns in a curve.

Picture glue
tube 50 ml

Ideal for Scrapbooking
Removable glue for gluing photos, textiles, leather and cardboard. The glue dries very fast, it is acid free and does not shrink. Just rubb off remaining glue.

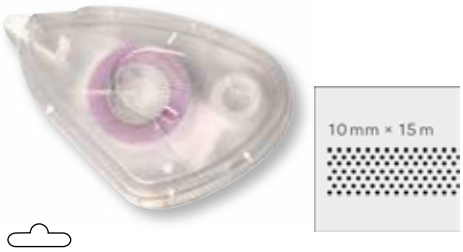

Attention: Can cause damages on varnished materials. Do not touch the forefront of pictures with the glue.

Instruction: Apply the glue drop by drop just on one side, let it dry a few minutes and press it onto your workpiece. For a stronger bond apply the glue on both sides.

30 173 000 (6)
EasyGlue adhesive roller white, permanen
8mm, on a roll, tab-blister 10m

Doublesided adhesive tape - permanent glue, acrylic base. Acid-free, no dispersion, ideal for the archiving of photos. Easy to use due to pre-prepared stripes.

30 174 000 (6)
EasyGlue adhesive dots, non-permanent
10mm, on a roll, tab-blister 15m

Adhesive tape with transparent adhesive dots. Non-permanent glue on acrylic base. Acid-free, no dispersion. Ideal for archiving of photos. Adhesive dots can be exfoliated easily.

33 402 00 (10)
EasyGlue photo stickers
1,3x1,5 cm, box 250 pc

The ideal glue for many creative ideas.
Available in four sizes - from the small bottle to the family bottle.
- inexpensive
- save
- dries quickly
- solvent-free
- multifunctional
- dries transparently
- water-based
- Ideal for e.g. paper, wood, fabrics, cardboard, leather, cork, rubber foam

Stic 10g

33 086 00 (12)
Quickie glue

33 291 00 (12)
Quickie-Glue glue stick
tab-bag 1pc

- Glue roller ball pen for accurate, pin-point application
- To make a permanent bond, stick while glue is still wet and colored blue.
- To make a temporary bond, stick after glue has dried and become transparent.

Quickie Glue for exact gluing on paper. Ideal for all paper decoration e.g. fastening jewellery beads onto paper. Surfaces have to be clean and dry.

30 143 000 (6)
Wallpaper paste
for crafting works, cardboard 125g

33 380 00 (2)
Fabric glue
17.5g/tube, tab-blister 1tube

Combines textiles quickly, clean and permanent. Also for leather, screen, canvas a.o. The repaired material can be washed, boiled and ironed.

33 383 00 (10)
Multi glue
tube 20 g

Multi glue:
colourless, waterresistant, for many materials, e.g. wood, leather, plastics, metal, rubber, fabrics, felt, cork, cardboard, paper, ...

33 381 00 (5)
3D-glue
with key for tubes, tube 80ml

3D glue & Syringe:
Colourless, "invisible" 3D glue, can be used to make small objects, e.g. text, stand out from the background. (Fill the syringe with glue). Apply in small drops.

33 396 00 (12)
Paper glue
bottle 30g

To glue pieces of paper onto paper (not suitable for thin paper). Quick-setting and strong. Use only few glue. Dries up transparent. Solvent free.

33 385 00 (5)
Glue for mosaic
to glue the stones, tube 80ml

33 399 00 (9)
Hobby-glue
bottle 55 g

Suitable for cardboard, paper, wood, ceramics, textile, leather plastics (not PP or PE). Protect from frost. Do not store

89 201 00 (25)
Injection
for technique-3D, 5ml

33 397 00 (10)
Glue for jewelleries
tube 27 g

Appliance:
Clean the surface. Spread the glue on both sides of your workpiece and let the air exhaust from arround the product. Afterwards press both parts together and let it dry overnight.

33 760 00 (6)
Gemstone glue
40ml, 41g

For exact adherence of rhinestones on fabrics, glass, ceramics, paper, cardboard, wood, plastics. Contaminant-free. Put a glue dot on the gemstone and press it hard on the desired surface. Adheres fast and glues within a short time. Fabrics are washable at up to 30 °C in a laundry bag, can be ironed inside out. Clean hands and working tools with water.

34 009 00 (1)
Glue spray
bottle 200 ml

Suitable for cardboard, paper, synthetic material, styrofoam, textiles etc.
Ideal to fix sand on the underground.

34 014 00 (1)
Glue spray, non-permanent
Box 200 ml

Reversible glue with which you can remove and glue again paper, photographs, cardboard, wood, metal, crepla and many synthetic material. Ideal for the fixing and afterwards removing of stencils on many subfonts. Colour neutral, drying quickly.

Patio Paint
38 610 702 bottle 59 ml (6)
38 611 702 bottle 236 ml (1)

Napkin glue, colourless

DecoArt Patio Paint
- extremely weatherproof and non-fading
- ideal on concrete, any kind of shape for the garden, walls, brick, terra-cotta, wood and stone
- for home and garden
- easy application
- abrasion-resistant
- water-based
- no protective varnish necessary

Glue for napkins
38 061 000 bottle 59 ml (6)
38 062 000 bottle 236 ml (1)

- Ideal for bonding the top napkin-layer on different substrates
- For the indoor use

33 149 00 (3)
Laminate glue
box 225 ml (250g)

33 148 00 (6)
Laminate glue, with spatula lock
bottle 100 ml (110g)

Laminate glue is a transparent PVC-glue which is elastic drying and possible to water down. Especially for bookbinding, for laminating on papier-mâché and to strengthen textiles. This glue is water proofed and wihout solvents. Store in a cool and frost-free place.

81 020 00 (10)
Coating knife
tab-bag 1 pce.

The coating knife is ideal for smoothening of clad wallpapers and papers. Remaining glue can be removed and the wallpaper and paper does not bubble.

38 826 000 (6)
Decoupage Glue & Varnish mat
bottle 59ml

38 827 000 (1)
Decoupage Glue & Varnish mat
bottle 236ml

- Transparent glue and protective varnish, water based glue for decoupage
- Ideal for decoupage papers and other papers, collages, mixed media and many more
- On wood, papier-mâché, MDF, carton, terracotta, ceramic, canvas, glass, fabric, etc.
- fast-drying, acid-free, doesn't turn yellow
- Letting dry at least 20 minutes between coats, letting dry 24 hours before using

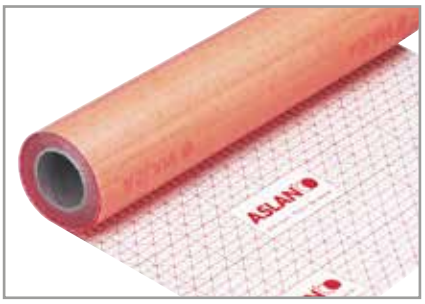

Never-ending fun
To do handicrafts of jewellery elements, key rings, pins, magnet-pins, and so on.

Shrinking plastic foil
262x202mm, tab-bag 6pc
89 595 102 white (5)
89 595 701 frost (5)
89 595 576 black (5)

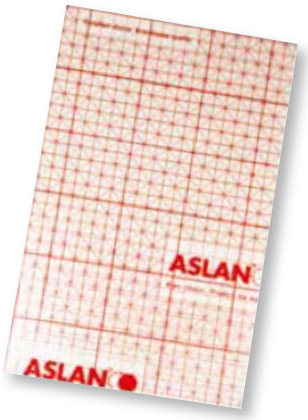

Shrinking plastic foil - for crafting of jewellery elements, key chains and many more!
Paint or stamp the rough side of the foil. Cut out the motiv and shrink it in the oven.
Due to the shrinking the element is getting significant smaller (about 40%) as well as thicker and harder.

33 432 00 (10)
UHU glue universal (fixed in one second)
without solvent
tube 3 g

Odourless universal super glue
- the fingers do not stick together immediately
- can be corrected
- no penetrative fumes
- solvent free

33 431 00 (10)
UHU glue gel (fixed in one second)
tube 3 g

Extremely strong super glue
- non-drop and tidy
- can be corrected within short time
- ideal for porose materials and for upright surfaces

33 437 00 (10)
UHU Por
tube 40 g

- quickly sticking special glue for glueing rigid foams e.g. Styrofoam®, also in connection with other materials
- the elastic adhesive film is colourless, non-aging and water-resistant

33 433 00 (10)
UHU Hart
tube 35 g

- crystal-clear, fast-drying glue for , glueing small parts for crafting, modelling and household
- is also suitable for stiffening and sealing of surfaces of many materials. Is hard after drying.

33 423 00 (10)
UHU glue extra strong
tube 42 g

- transparent Kraft universal glue with exceptional adhesive strength.
- fast and super strong
- both for the one side (wet gluing) and two side (contact) gluing method
- especially suitable for visible gluing gaps and transparent materials
- you can use it as well underwater (e. g. pond liner made of soft PVC)
- in the FLEX + CLEAN plastic tube: clean, drop-free and handy gluing

33 428 00 (12)
UHU special glue
without solvent

- solvent free
- dries and sticks fast
- in the handy standing tube
- glues all prevalent craft materials fast and long-lasting.
- dries transparent

33 430 00 (10)
UHU glue (fixed in one second)
pipette 3 g

Extremely strong super glue
- fine dosing tip for precise application
- flows in the smallest corners and gaps
- stable and shockproof container

33 435 00 (1)

Beads mill w. needle to thread beads
7x7x6.5cm, box 1 set

A funny and easy way to thread smallest beads without the slightest effort.
Thread a yarn in the provided special needle, fill the beads in the mill,
hold the needle in the mill, rotate the mill and the beads are collected on the needle.
The special wire to thread beads 24 068 00 can be hold directly without the needle in the mill.

Display Wire flowers & hearts

CONTENT:
18 x tab-bags of each of the four wire forms (total 72 bags)
10 x box beads mill
10 x box sequins-glass beads and wire
50 x crafting tip
Measure of the Display:
Height: 88,5 cm
Depth: 37 cm
Width: 48,5 cm

(Technical subject to change)

Enchanting, filigree wire decoration hangers
The threading of the sequins and the rocailles on the special wire works fast and easy with the beads mill. Afterwards the so adorned wire is being wound around the forms. Little hangers and ribbons in fitting colours set additional highlights.

NEW – Floristic balls with an upward shifted cut-out!
Considering that the floristic balls with a vertical cut do not get filled well, we have developed 2-part balls with an upward shifted cut-out. That means better fillability and also significantly bigger capacity to be filled with gravel, sand, artificial snow or some other similar materials.

With the moulding felt it is possible to create 3 dimensional new forms and figures, which are not possible to make with the traditional felt.
1. Cut the moulding felt into the requested form.
2. Moisten the felt, neither colour or impregnation will be washed out. Mould in wet condition to the requested form.
3. If required, glue your model together and let it dry. The moulding felt will keep the moulded form.

Nuno is the japanese word for "fabric". Nuno felting is a fascinating technique for wet felting where you felt fine Merino wool on smooth fabrics.

The felting wool unites completely with the fabric. Thus you can e.g. felt very light but warming scarfes with a fascinating look.

100% merino wool coloured ecologically

Silk chiffon scarf
180x55 cm, 3,5 Mµ,
approx.15g,
black
100% Silk

Felting on gauzy silk chiffon with merino roving tuft super smooth. By shrinking of the merino wool you will get fascinating effects.

For a fast and easy felting use Mega felting fluid, item-no. 53 640 00.

Very well suitable in combination with nuno felting on silk chiffon scarf.

Cut out motives off the needle felt as e.g. petals, ornaments etc. with the help of a stencil or freehand. Place the motive on the scarf and fix it a little bit with dry felting. Afterwards go on felting with the mega felting fluid as already known.

100 % Merino wool

Mega felt marker = mega fast

Mega-felter, water-thinnable in the mixing ratio of 1:100, provides 5 l of felted liquid.- 10 times faster felting of the wool.
- Only by gently rubbing, the work can be already brought into shape.
- A supplemental washing of the finished work is not necessary.
- Can be used with a cold or warm water.
- Colour-protective and highly efficient
- 100% natural product, dermatologically tested.
- Nourishes the hands with panthenol.

The felted knits in the washing machine:
- 40°C energy-saving or short cycle option.
- Pour about 10 drops of the mega-felter into a small amount of the detergent.
- Put the item to be felted into the washing machine with 3-4 towels.To felt with the Mega-felter, you need:

Mixing bottle, 250 ml (item no. 53 641 00): fill it with water and 10 drops of the Mega-felter. Shake the liquid mixture. Felt on the bubble foil for wet felting (item no. 53 616 00).

It doesn't always need to be a canvas!
This high quality, absorbent wooden bar frame in the modern look of pallettes brings Loft-feeling in your home.
The smooth, absorbent wood can easily be designed creatively and individually:
Transform this wooden bars with the ultra mat Chalky Finish and the removable gluing letters to your own statement-piece.
But either painted, coated with Déco-mâché papers, stamped or stenciled - due to the bar optic your work is always anything but ordinary.

Give your fancy full scope and paint the wooden objects with DecoArt All purpose paint. Strew e. g. flitter on the paint while it is still damp. Let it dry thoroughly. At the end you can adhere rhinestones. Use the enclosed cord to thread the wooden elements, fix them with knots and attach them at the wooden stick. Fix a piece of the cord, approx. 35 cm, as hanging sideways at the wooden stick.

The wax – a creative and versatile hobby
The candles are part of our everyday lives – for all celebrations, at church, in a restaurant, by a relaxing bath, in a spa or just at home on the coffee table. They are taken for granted and become indispensable in everyday life. We link them to the feeling of well-being, the comfort and a cosy ambience.

Designing with or out of wax, whether in a traditional, innovative or contemporary way, playful or graphic, cast as a candle or just decorated: the appropriate candle can be made by you for any occasion – no matter if decorative, representative or combined individually. Within the following pages, you will find an amazing selection of wax for your own creative wax-hobby.

Transfer foil A4
210x297mm, tab-bag 1sheet

Transfer foil
This foil is great for candles and also for smooth, non-absorbent surfaces in order to make quickly effective results. Imprint the motif non-reversed on the shiny side of the transfer foil and lay it for about 30-60 seconds in lukewarm water until the release paper from the foil begins to dissolve, then transfer it on the candle.
It can be used only for laser printer/laser copier (max. fixation temperature of the drum cylinder is 170˚C) and for paper thickness of about 185 g/m2.

Transparent wax sheet
The transparent wax sheet offers many possibilities for creation of nice candles. It's perfect for stamping-on, for combining with wax-liner, napkin technique and much more. Place the motif under the transparent wax sheet and draw later on with the candle paint (item no.38437000) or with the All Purpose paint (item no.38000ff). Subsequently, the processed transparent wax sheet is placed onto the candle and pressed by hand's warmth. It can be later sealed as desired with candle-varnish.
Tip: With the wax-liner, you can achieve great results while mixed in a ratio of 1:1 with the candle paint.

Write-on film for decorative wax
Thanks to the write-on film, the candles or the decorative wax sheets are directly writable. Afterwards, pressed onto the candle by hand's warmth. The metallic side of the write-on film is used for the writing with pencil, pen or embossing-pen. The film thus remains adhering to the selected substrate. The candles should not be varnished before processing.

RAL Qaulity Mark
- does not drip
- low in soot and smoke
- high-quality resources

"does not drip" – when used correctly, candle burns evenly with a minimal dripping;
"low in soot and smoke" – due to the strict surveillance of the ingredients and the use of high-quality wicks, it burns without visible soot and without smoking. This guarantees also reliable burning time and a beautiful & safe burning;
"high-quality resources" - the production is subject to strict health and environment-related limits for ingredients, particularly with regard to coatings and paraffins.

Wax luminarias moulds
The moulds are intended for the casting of wax luminarias. Either simply poured-out and customized with our white wax pellets or inserted with our wax melts (item no.31562ff). Once slightly warmed up, the solid flat wax sheet can be easily bent and stretched or rather pulled over a cylindrical support. They are also perfectly suitable for the napkin technique, the decoration with wax-liner or deco-metal and much more. The wax luminarias give an atmospheric glow while being backlit by candles or LEDs (light chain or candle).

The casting moulds
The casting moulds for different candle shapes consist of polycarbonate and are almost unbreakable, heat-resistant up to 120°C and easily demouldable.
Tip: Before demoulding, put the poured-out with wax casting moulds in the fridge for about 30 min and only then demould them.

Colour choice
31 032 ..

02 white	**10** dark blue	**13** dark green
18 red	**20** yellow	**34** orange

Colour pigments:
The pigments are suitable for dipping or colouring of candles. Depending of the added amount of the pigment, the result of the dye is controllable. The pigments are miscible and light stable.

31 048 00 (5)
Stearin powder
tab-bag 50 g

Stearin powder
The stearin powder consists of vegetable fatty acids. The stearin powder is added to the paraffin wax pellets while casting the candle and the higher the stearin content in a candle, the better the combustion quality and the temperature stability. (Mix ratio: 1 part stearin for 10 parts paraffin).The melting point is about 60°C.

Scented oil for candles
bottle 10 ml
31 311 00 Cinnamon (6)
31 314 00 Vanilla (6)
31 316 00 Lemon (6)
31 317 00 Orange (6)
31 320 00 Lavender (6)

Candle fragrance oil
The candle fragrance oil is specifically created for scenting the wax. Comparing to the perfume oils, the difference is that the boiling point is too low which results in vaporization while casting. However, the candle fragrance oil can be also used for fragrance lamps.

This perforation pen is perfectly suitable as a tool for working with wax due to it's fine and stable tip. Draw fine lines with the pen into the wax boards, very soft - with low pressure (with a ruler). You can also create motives, which can be taken from stencils. Due to the easy handling you get a regular and perfect result.

Dipping wax
The dipping wax is suitable for coating of different objects with wax. Therefore, dip the object into the liquid wax, take it out slowly and let it cool down. By repeated dipping, the wax layer may be enhanced and become darker.

Colours and Accessories

An overview of the Rayher colour assortment

A weatherproof paint for the sky-blue bird villa in the garden, an erasable pen for a message of affection on the bathroom mirror, a new “special effect” for the boring shoe cabinet, or nobly painted on beads for invitation cards inviting to a princess party ...

With us, the users have the choice – but without this causing stress!

AT A FIRST GLANCE
- communication without words
- it is immediately recognizable what it is all about
- ensures an uniform appearance of the different colour groups

CLEAR ORIENTATION – THE A AND O FOR SELLING WITHOUT MANY WORDS:
- focusing on what is essential
- pictograms leading to the goal
- simple navigation by means of a simple, intuitive guidance system

PEN BOXES
- flexible solution with adjustable separators
- for different pens or pencils
- numerous products, optimally positioned

Rayher.

FAVOURITE COLOURS SHOULD NOT BE HIDDEN

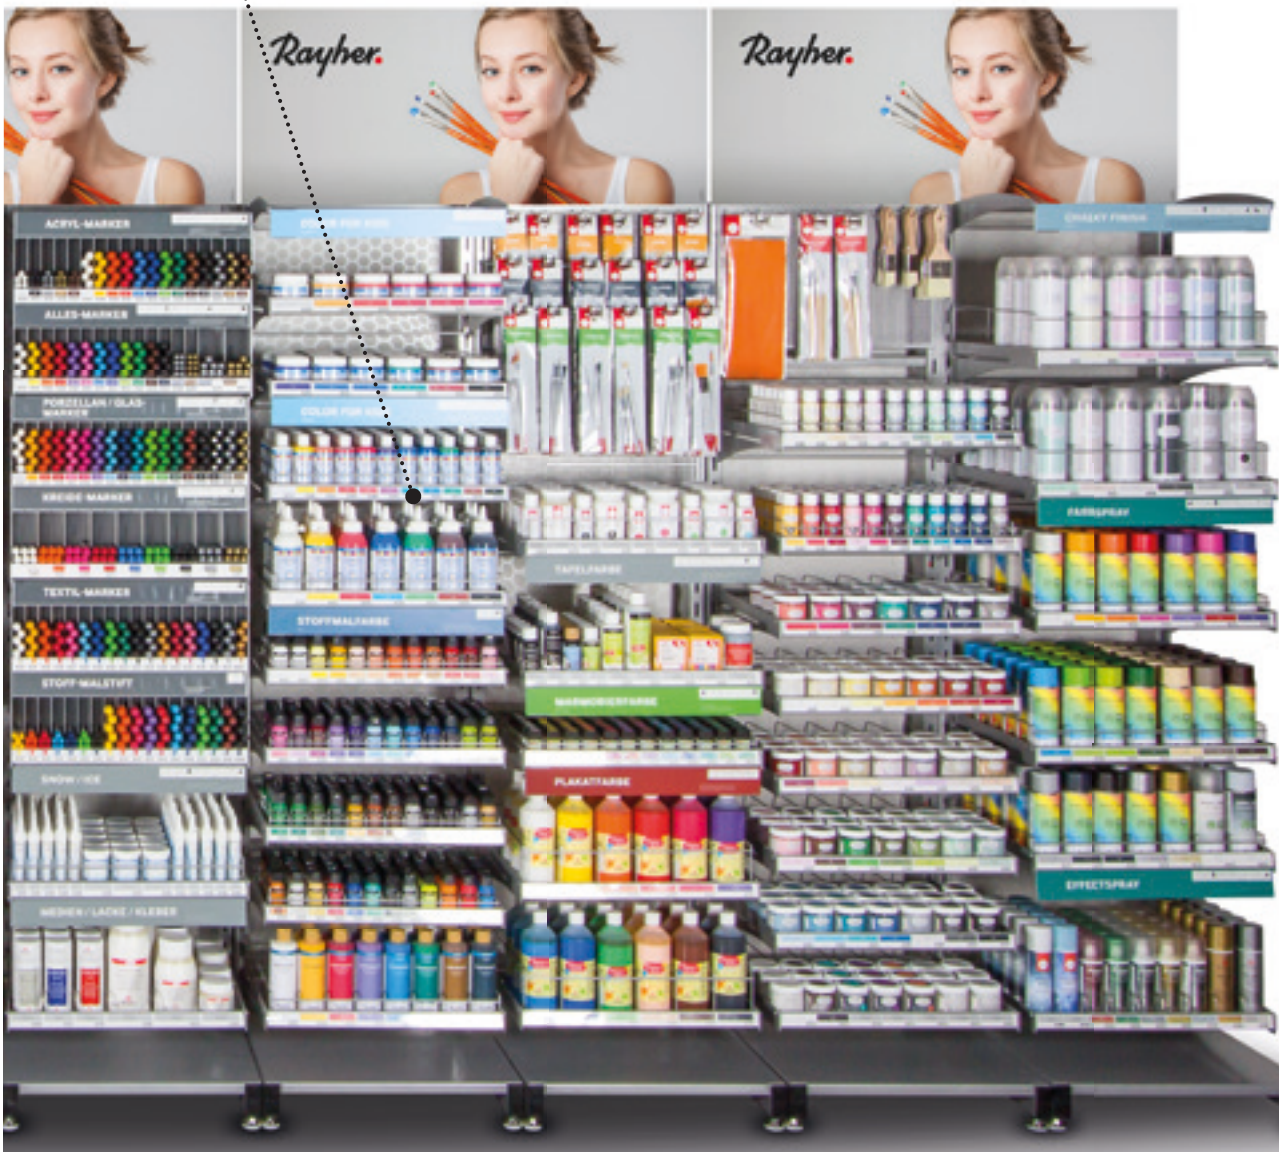

Creativity requires flexibility and space to unfold. The paint is at the focus of attention – not the goods carrier:

- not rigid, but flexible: Whether 1 m, 2 m or 3 m – everything is possible, nothing is cast in stone
- Easy and quick set-up
- pull-out drawers for easy, fast loading
- can be hooked in diagonally or straight
- variable inserts for different container sizes
- stable, and can be integrated into every shop system
- can be deployed as a rear wall – as well as a centre space presentation

We don't drive our customers to the wall

COLOUR STRIPS

- reduced to the bare essentials
- colour fields with colour number or fast finding and simple sorting
- space for your price labelling

CHALKY FINISH

DecoArt

Cream Wax
- lends a strong protective coating for the everyday use to porous surfaces painted with Chalky Finish (inner area)
- the colourless cream-wax can be dyed with all Chalky Finish paints

Application:
- apply it with a brush or a lint-free cloth
- let it dry, then polish it
- before use, allow the objects to dry for about 7 days

CHALKY FINISH

DecoArt

Transfer medium
- For the transfer of paper prints (laser printer) on different surfaces such as for e.g. wood, MDF, canvas, papier mâché, glass, fabrics, etc.

Application:
- The surface has to be dry, light and clean
- Apply the medium uniformely and fully on the surface and on the print-out with a brush
- Lay the print-out immediately on the surface (the motif face down) and smooth it out, take off surplus medium with a cloth
- Let it dry for about 8 hours, then moisten the print-out and carefully rub off the paper layer with a soft, wet sponge
- Repeat this step until the paper layer is completely out

38 880 000 (3)
Transfer-Medium
box 118ml

38 881 000 (3)
Transfer-Medium
box 236ml

Crackle medium
- For a surface in a "crackle" style
- Suitable for indoors and outdoors once sealed up with a protective varnish

Application:
- Apply the medium on dry undercoat
- Let it dry and paint over with 2 contrasting colours
- Then this paint coat rips and the underlying paint coat becomes visible through the crackles

Blocker
- Transparent drying sealant and stain-inhibitor
- Ideal for preparation of used or harsh wooden surfaces which can be renewed by the Chalky Finish paint
- Seals the natural wooden surfaces and protects the new painting coat

Application:
- Let it dry thoroughly (about 5-7 days) before the over-painting with the Chalky Finish

558 rock-grey	**566** blue grey	**572** anthracite	**807** light topaz		

- Fast-drying, ultra-matt, water-based colour spray (acrylic resin)
- Provides an ultra-matt vintage-look with a velvety appearance to many surfaces
- For wood, melamine, plastics, cardboard, MDF paper-mâché, metal, canvas, styrofoam, etc.
- Very good adhesion, high opacity, long-lasting
- Fast-drying, non-yellowing, after drying-out weather-resistant
- Can be easily sanded for the Used-Look
- Application: The surface must be clean, dust- and grease-free. Shake well the can before use, the spray distance at approx. 25-30cm, apply it crosswise in thin layers – allow it to dry for a few minutes between layers. After use turn the can upside down and spray the valve empty.

34 372 000 (6)
Chalky Finish spray primer
box 400ml

- White universal primer
- For improved adhesion of the Chalky Spray on metal, resistant plastics, melamine, Formica, etc.
- Closes the pores of porous materials such as wood, plaster, etc. and evens out unevenness

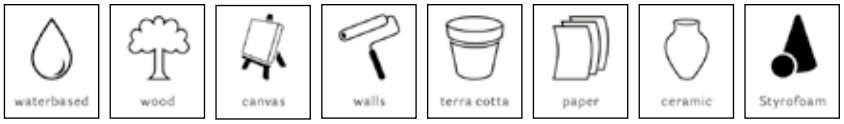

34 373 000 (6)
Chalky Finish spray Clear varnish matt
box 400ml

- Water-based acrylic clear-varnish
- Dries matt and transparent
- For a better protection of colour-sprayed surfaces
- Fast-drying, high opacity, weather-resistant

Metallic Patina
Bottle 59 ml
See colour choice

DecoArt Metallic-Patina
- Acrylic patina with high-grade water-based metallic pigments
- The surface gets a great finish in a trendy Used-Look

Application:
- Just simply spread it onto painted or unpainted surface by using a brush, sponge or roller
- To achieve the antique-effect, remove quite a bit of the paint before its drying with a sponge or clothShake well before use. Apply with brush, sponge or roll on painted or not painted surfaces. Remove some paint with a sponge or a cloth or an antique effect. Water-based. Clean brush with water and soap.

38 804 000 silk mat, bottle 118ml (6)
38 805 000 silk mat, bottle 236ml (1)

Blackboard Paint
- Water-based
- After drying (approx. 14 hours) you can write on it with chalk and it can be wiped off damply

Application:
- Apply it in two or more layers with a brush or an inking roller crosswise
- 59 ml = approx. 1.5 m² (118 ml = approx. 3 m²)

Varnish blackboard style – transparent
- Transparent water-based blackboard varnish for recoating of acrylic colours
- After drying (24 hours) you can rewrite on it with chalk and it can be wiped off damply

Application:
- Paint in two or more layers with a brush or an inking roller crosswise over the dried-out acrylic paint
- 59 ml = approx. 1.25 m² / 118 ml = 2.5 m2 / 236 ml = 5 m²

Creative Impulse Award 2014

38 855 576 (6)
blackboard colour Textile
bottle 50ml
black

Blackboard Textile Paint
- water-based
- for light and dark untreated textiles with a high percentage of natural fibres

Application:
- after drying (2-3 hours) iron on the backside for 5 min. (cotton temperature)
- afterwards writeable with chalk and can be wiped-off damply
- washable inside out at 40°C

38 806 000 (6)
Blackboard colour glass & porcelain
black, bottle 59ml

Paint Blackboard Style – glass & porcelain
- Water-based
- For glass and porcelain
- After drying and baking you can write on it with chalk and it can be wiped off damply

Application:
- Cover well & entirely by using the brush or the foam stamp
- Let it dry well (4 days), after baking (in the not pre-heated oven 30 min. /165°C - cool down in the oven) dishwasher safe

tin 59 ml

38 015 000 (6)
Gloss varnish
tin 59 ml

- For a transparent protective cover on painted surfaces
- Fast-drying, non-yellowing, also suitable for the laminating of thin papers

- Transparent varnish topcoat
- It seals the coats of paint and makes them weather-resistant, non-yellowing

Triple Gloss
38 066 000 for indoors, tin 118 ml (6)
38 067 000 for indoors, tin 236 ml (3)

3-D Effect varnish on water base
38 627 000 bottle 100 ml (6)
38 628 000 bottle 50 ml (6)

Brillant varnish for in- and outside
38 043 000 bottle 59 ml (6)
38 108 000 bottle 118 ml (6)

- A clear, very glossy varnish
- Gives the substrate a deep luster glaze
- 3-fold thick with onlu 1 coat, dries fast, non-yellowing and does not rip
- For deep structures or porous substrates a second coat is needed

- Impasto drying transparent, not fluid
- Suitable as a protective varnish, as well as for underlining individual areas for e.g. by decoupage

- High-quality polyurethane varnish
- For solid, flexible and clear protective coatings of painted surfaces
- Extremely resistant, non-yellowing, fast-drying

MEDIUMS / PAINTS / GLUES

DecoArt

38 011 000 (6)
Drying time extender
bottle 59 ml

- Delays the drying time of the paint
- Thus, techniques such as patinating, wet-on-wet painting or airbrush are possible
- Mix in the ratio 1:1 with the acrylic paint

38 012 000 (6)
Medium for textile drawing
bottle 59 ml

- With this medium, all DecoArt acrylic paints are suitable for the textile painting
- Colourless and transparent, does not change the colour brilliance
- Mix in the ratio 1:1
- After painting, let it dry for 1-2 days, fix it afterwards by ironing.

38 023 000 (6)
Varnish for wood
bottle 59 ml

- Colourless priming coat and pores-filler for wooden surfaces and other highly absorbent substrates
- Non-yellowing
- Apply thinly and after drying polish the wooden surfaces with a fine sandpaper, before further paint coats remove the grinding dust

38 192 000 (6)
Glow in the dark medium
bottle 59 ml

- Illuminates any acrylic paint
- Works at best with transparent or light colours, after the drying apply one or several layers of the night-bright medium
- Can also be applied undiluted

38 437 000 (6)
Candle medium
bottle 59 ml

- Ideal for painting of wax, well-covering
- Mixing ratio 1:1 with the acrylic paint

38 102 000 (6)
Medium for pearl-glimmer
bottle 59 ml

- Provides a soft and nacre glimmer
- Mix in the ratio 1:1 with the acrylic paint or apply directly onto the painted and dry surface

38 061 000 (6)
Glue for napkins
bottle 59 ml

- Ideal for bonding the top napkin-layer on different substrates
- For the indoor use

MEDIUMS / PAINTS / GLUES

DecoArt

38 107 000 (6)
Hot Gloss medium
bottle 59 ml

- For crease-free ironing of napkins while heat-tolerant

38 106 000 (6)
Medium for glimmer varnish
bottle 59 ml

- Just spread it simply over the painted and dried-out surface
- Dries transparent with a silky lustre and glimmer-effect

38 104 000 (6)
Medium for structural sand
bottle 59 ml

- Creates a rough and sandy surface
- Mix it in the ratio 1:1 and spread it with a brush or a spatula

38 103 000 (6)
Medium for texturizing
bottle 59 ml

- To thicken the acrylic paint
- Ideal for techniques with spatulas and other dimensional works
- Mix in the ratio 1:1 with the desired colour shade of the acrylic paint. The colour remains unaltered

Varnish for cracking effect
38 010 000 bottle 59 ml (6)
38 027 000 bottle 235 ml (1)

- For the crackle varnish technique
- Ground the surface with acrylic paint -.let it dry
- Thereafter, apply the crackling varnish, let it dry for about half an hour, then spread a contrasting colour in one direction
- The upper layer crackles and thus the lower colour layer is visible through the crackles

white	oak	chestnut	walnut	colourless

38 006 (6)
All purpose patina
bottle 59 ml
See colour choice

- Gives the surface an antique look
- Apply it on painted workpieces with a brush, then remove it immediately with an absorbent, clean cloth
- Within the deepening remains a residual patina
- Let it dry for at least 24 hours
- Also suitable for varnishing of a raw wood and paper-mâché

38 100 102 (6)
Frost effect paint
bottle 50 ml
white

- Provides a perfect frosty effect on glasses, mirrors, ceramics and plastics
- Apply it on a substrate with a small sponge by using template or freehand
- For a more intense effect dab out more layers
- Let it dry for 24 hours, can be cured 20 min. in a oven at 160°C
- Wash the glasses by hand, the paint can be removed with a glass scraper

38 811 00 (3)
Magnet grounding
bottle 250 ml

- As an adhesive surface for magnets
- Contains high-quality, non-rusting iron powder
- Adheres on many surfaces such as wood, paper-mâché, MDF, glass, metal, ceramics, stone
- The magnetic effect is reinforced by repeated spreads
- Let it dry for about 3 hours

38 076 000 (1)

38 074 000 (6)
Glimmer snow
tin 118 ml

- Weather-resistant (after a drying time of about 72 hours)
- Suitable for outdoor use
- Overpaintable after 2-3 hours

- Water-based
- With a frosty glittering effect

MEDIUMS / PAINTS / GLUES

- Fine, white filler with 0.4 mm small quartz pearls
- For relief-like and three-dimensional surfaces and for embedding of objects
- Ideal for wood, paper-mâché, MDF, ceramics, metal, canvas, etc.
- Apply a layer up to 1 cm thick layer, the drying time depending on the application, approx. 2-3 hours
- Can be dyed and painted with an acrylic paint

38 238 000 (4)
Structural paste
fine, box 500 g

- Coarse-grained white filler with 0.6 mm big quartz pearls
- For relief-like, three-dimensional coarse-sanded surfaces and for embedding of objects
- Ideal for wood, paper-mâché, MDF, ceramics, metal, canvas, etc.
- Apply a layer up to 1 cm thick layer, the drying time depending on the application, approx. 2-3 hours
- Can be dyed and painted with an acrylic paint

38 239 000 (4)
Structural paste
coarse, box 500 g

- Creamy white filler
- For relief-like and three-dimensional surfaces and for embedding of object
- Ideal for wood, paper-mâché, MDF, ceramics, metal, canvas, etc.
- Apply a layer up to 1 cm thick layer, the drying time depending on the application, approx. 2-3 hours
- Can be dyed and painted with an acrylic paint

Paste for spatula motives
38 237 000 box 500g (4)
38 759 000 box 200g (6)

- Transparent structural medium for dimensional working and for the embedding of objects
- Ideal for wood, paper-mâché, MDF, ceramics, metal, canvas, etc.
- Apply it with a spatula, the drying time depends on layer thickness - approx. 4-12 hours
- Can be dyed or painted with the acrylic paint

Decorating paste
38 036 000 tin 59 ml (6)
38 026 000 tin 118 ml (1)

SCREEN-PRINTING STENCIL PAINT

- Acrylic stencil-paint
- Colour can be perfectly processed with a fine, high-quality screen printing stencil
- Thus particularly delicate, sophisticated motifs can be stenciled or printed
- Colour intensive, non-fading, high opacity
- Ideal for fabrics with a high natural fiber content
- Prewash fabrics without a softener
- Allow the paint application to dry out for at least 24 hours
- Fix it by ironing (level 2), wash it manually inside out

Ideal for blackboard colour for fabrics and other water-based paintings
EN71-3 compliant

Brushes out of synthetic hair
are especially suitable for painting with paste-like paint as oil, acryl and gouache. They are also suitable for painting with water colour. However, because of the short hair the brushes do not get enough colour for wet techniques.

Brush out of pure white bristle
are suitable for easy paintwork as well as for priming and applying of paste.

The mending brush
combines the advantage of a flat and a round brush. With the flat side you can paint big surfaces quickly - the more pressure you put on the hair the wider become the lines. However, with the narrow side you can create fine lines and work out details.

Due to the special shape and the durability of the hair these brushes are ideal for all hobby purposes, for handicrafts and painting lessons.

Script liner
have a long and thin end and are therefore suitable for writing.

Diagonal brushes
are suitable for painting surfaces, lines and edges as well as for detailed work.

Round brushes
are used for painting lines and for working out details. Due to the long handle you are able to keep distance to the picture. Therefore this brush is suitable for painting in an upright position e.g. in front of an easle.

Fan-shaped brushes
are used for special effects. They are especially suitable for gold plating as deco-metal has to be handled with care.

Flat brushes
are used for painting big surfaces quickly. Due to the long handle it is possible to keept distance to the picture while painting. So this brush is suitable for painting in an upright position e.g. in front of an easle.

Short flat brush, pure red sable bristles
Sizes 6, 8, 10
12 pieces of eachDimensions of the display including header:
Width: 44 cm
Depth: 22 cm
Height: 55 cm

Technical changes without prior notice.

The acrylic glass elements are provided on a loan basis.
No third-party products should be added.

No labelling required on the brush, as the brushes are split up in five price groups, price group A-E. The price groups are printed on the brushes. The retail price can be written onto the header.

The display for brushes can be integrated well in the Rayher paint display.

The front row of the display contains real sable brushes which are brushes of very high quality.

ARTIST'S PAINT

Everyone is an artist!
And there is the matching paint;
optimal tool, required aid and ideal ground for every artist.

The Rayher artist's paint assortment is tailored to the requirements of eclectic amateur artists who would like to experiment and express their creativity in personal works of art.

For us, quality is of great importance, and the assortment is optimised in line with the space. For art without boundaries; for artistic freedom!

67 237 000 (4)
Deco-rosettes made of paper, to be hung
2x ø43cm/35,5cm/28cm/20cm, tab-bag 8pcs

Different sizes, patterns and colours, in gold/white/coral/mint.

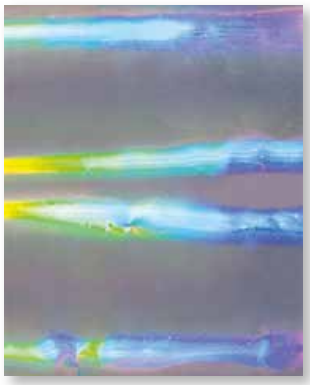

Great effects with the mirror-foil and the glue for foil (item 33 384 00).
Suitable for cement, papier-mâché, paper, wood, glass, plastics, wax, etc.

Instruction sheet:
Work with the glue for foil directly from the bottle on the surface. For plain work, spread the glue for foil with a brush or spatula.
The 3D-glue for foil dries transparent, but remains sticky.
Now, the foil can be applied.
Important: put the metallic or colored side up! Press well and pull off again, repeat it if necessary.
Clean the tool with water and soap.

Quilling

Quilling is a centuries old technology for the prodution of filigree decorations made of paper. As material fine paper stripes are used.
Every hobby stands and falls with the right tools. With our five basic tools a large part of possibilities in quilling can be covered.

71 934 000 (6)
Quilling comb
10.5x6.5cm, w. 12 jags, tab-bag 1pc

This tool is for creating special flowers, leaf shapes and many more. The numbering of the prongs makes the work easier.

71 935 000 (10)
Quilling pen w. Soft grip
16.5cm, w. needles 3cm, tab-blister 1pc

Quillingpen, double sided, with slide-in pen and needle and soft-grip for a non-slip handle. The special at this pen is the slide-in depth of 2,1 cm. Hereby paper strips with a width up to 2cm can be used.

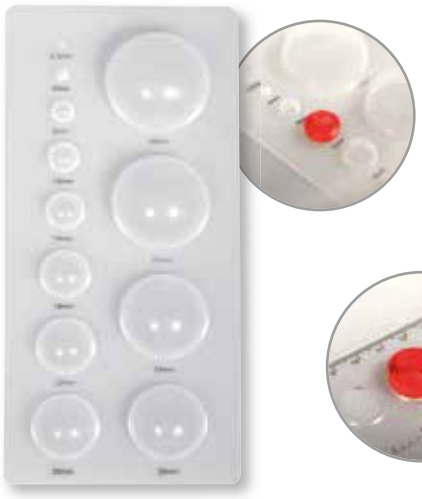

71 932 000 (4)
Quilling stencil with cork plate
210x150x8mm, divers forms, w. needles

With this stencil many equally forms can be created like circles, hearts, squares, drops and flowers.

71 939 000 (6)
Quilling Stencil half balls
18.5x9cm, ø 2,5-40mm, tab-bag 1pc

With this stencil turned up spirals can be formed into semi circles. For creating figural objects in 3D.

71 933 000 (12)
Quilling ruler/ stencil circles
16x4.5cm, from ø0,7cm-2.5cm,tab-bag 1pc

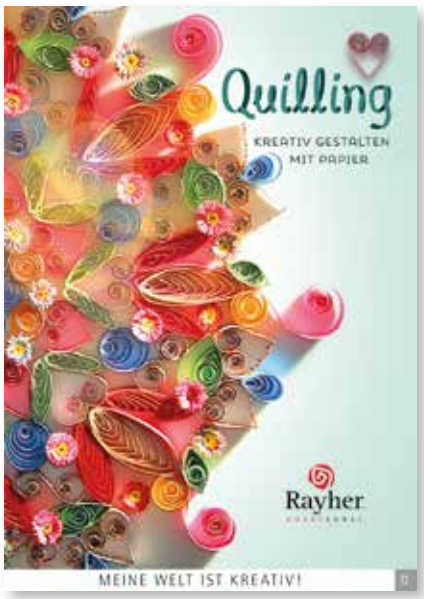

An aid, to create equally circles from 0,7 - 2,5 cm ø.

Scrapbooking paper, scrapbooking accessories and Sizzix dies

Always current & available for ordering at our dealer-online-shop.

The scrapbooker is a fast-paced trend. Motifs, colours, shapes and styles are constantly changing. In order to be able to respond promptly to the fast development in the area of papers and templates, you have the opportunity to view our seasonal collection at our dealer-online-shop and to order by a single click. This ensures that your customers are always getting the most up-to-date designs thanks to you. The illustrations of the standard-paper and the standard-article, you can find further in the catalogue.

That's how you order via Internet:

1. Go to the dealer-online-shop at www.b2brayher.de
2. Log in with your customer ID and password
3. And off you go!

Scrapbooking · Stamps · Punchers

my PLANNER

Turn the year into your very personal highlight

Our daily life is full of events and also full of daily grinds: dental appointments, birthdays, yoga classes, invitations or meetings – our life is colourful and diverse as a bouquet of flowers.
Your year is full of special moments and creative ideas – note them down expressly in "My Planner-System" with an extra dose of creativity.
Now, must-attend events, to-do lists are fun and the days & weeks become alive on the paper as well as your life.
Finally, with "MyPlanner" the boring event schedule belongs to the past: turn your year into a colourful, individual, cool, fanciful day-to-day life.
Now, every day is creative, because you are creative!**You've got the choice:**
1.) Take a planner that best suits your needs...
2.) ...fill it with the current annual, monthly and weekly overviews of your choice – classic, neutral or with an already diversified layout...
3.) ...and then it really gets going: cool stickers, stylish binder or colourful memos will make your planner your personal companion.

Who says that the appointments need to be boring? With creative accessories adapted to match the planner, you can celebrate daily your creativity:
The shopping lists are getting even more beautiful with stickers, the strenuous workout classes get a personalized touch and make much more fun, eye-catching paper clips to mark important appointments and make them memorable.
Wouldn't you prefer to write down the list of to-dos on lovingly designed memos instead on standard post-it notes? Spontaneous and versatile – you can achieve great effects with minimal effort!

3 tools inside the handle
of the Eyelet Hammer

78 450 00 (3)
Eyelet-Hammer, 4 in 1
blister card 1 pc

Positioning of an eyelet
Instruction:

Use a hard mat, we recommend the Eyelet punching mat item-no. 78 452 00. If you unscrew the handle from the hammer you will get the Embosser. On this Embossing tool you can uncrew the bottom part and you will get the setter. In the Embossing tool you will find a puncher as well. Use the hammer and the puncher and create a hole. Fix into the hole the eyelet from the top to the bottom.Turn around your workpiece. Fix the eyelet with the hammer and the setter.

78 451 00 (3)
Eyelet-Hammer with wooden handle
blister card 1 pc

78 452 00 (10)
Eyelet punching mat, 10x10 cm
3 mm thick, tab-bag 1 piece

78 453 00 (4)
Eyelet tools
blister card 1 set

Instruction:

Screw the puncher into the handle of the Eyelet tool. Place the workpiece onto the Eyelet punching mat. Knock with the hammer onto the end of the handle and punch a hole. Place the Eyelet into the hole from top to bottom. Turn round your workpiece. Screw the setter into the handle of the Eyelet tool and knock with the hammer onto the handle. With this procedure you can fix the Eyelet. You need to place the eyelet: 78 451 00: Eyelet-hammer; 78 452 00: Eyelet-punching mat; 78 453 000: Eyelet tool

78 263 01 (10)
Embossing pad for Scapbooking

This high quality punches are ideal for all kinds of paper. **Suitable for cardboard up to 200g/qm**.

Due to the lever mechanism you can punch easy, clean and without any effort.
The punched pieces are collected in the collectiong cup. Due to the safety cover also odeal for children.
The versatile motifs, formats and sizes can be combined with each other and are suitable for the best occassions of life.

This puncher can be integrated perfectly and space optimized in every POS due to the solid packaging.

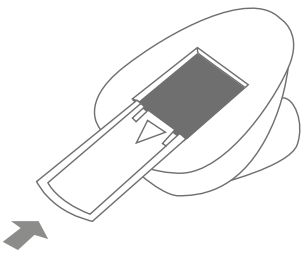

Little effort

Turn over: Accurate positioning, you can see where you are punching.

Punching

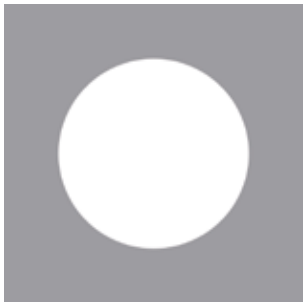

Collecting tray with safety cap. Ideal for crafting with kids.

Tip:
Sharpen the punching mechanism = punch a thin aluminium foil
Lubricate the punching mechanism = punch a wax paper

Silhouetten punch

Very high-quality puncher which can punch and emboss in one operation.
Patterns are raised and embossed getting an unusual look.
Easy handling due to lever function.
The embossing/silhouettes-punchers have inner cut-outs for a beautiful silhouettes look.
Ideal for cardboard 180 - 240g/qm
Notice: By the combined fonctions "punching and embossing", this puncher needs an increased pressure while punching out. Therefore, we recommend to use the puncher while standing and push down firmly, with both palms, the lever until it stops.

TEMPLATE STUDIO
It's never been so easy to create prijekts in such big formats!
To create gift bags, enveloppes, boxes, home deco and many other things in big formats.
The handy Starter Kits includes everything you need:
- Tri-Fold-pad in the format 23 x 29 inch (58 x 70 cm)
- Instruction cards for the fast introduction
- Cutting blade
- Folding blade
- Horizontal and vertikal stencils
- Gift bag stencil
- Enveloppe and boxes stencil
- Easy to comprehensible instruction cards with step-by-step instructions and dimensions
- the stencils are adhesive on the mat due to a dowel/hole system
- Further stencils and replacement blades are available seperately
- Perfect to work with paper in the size 50 x 70 cm

Homemade is unique and is in itself a very personal statement.
With this new stamp-generation from "Butterer", the self-made items such as gifts, small tokens of appreciation, lovely souvenirs or simple envelopes become an additional, very personal imprinted statement.
These charming stamps with a classic retro-design are made in proven Butterer quality and facilitate the application: Put the stamp into the ink-pad and impress the statement – done!
The call to action in this program is: KISS - Keep it simple and smile!

Butterer-stamps are manufactured exclusively in Germany
Canadian maple wood of certified forests and natural rubber is used. For small round stamps, beech wood is used.
The motive-close cutted stamping boards of natural rubber are not post curing and guarantee perfect stamping results for many years, also in a commonly utilisation. The stamp pad - colour will be adopted and printed off constantly.Copyright Notice
All stamps are - like many other creative products -copyrighted and are only intended for the private, uncommercial use. It is, for example, not allowed to lend stamps commercially or to produce cards for selling or rather in the sales order. Copyright infringement can have consequences according to civil-, penal- and competition- law.
With regard to the interests of the specialised trade, no utilisation permits are issued generally or in specific cases.

Acrylic stamp blocks

28 605 00 (5)
Acrylic cube set
tab-card 3 sizes

For silicone.
The longish acrylic block is ideal for the silicone alphabetic characters.
The sizes of the blocks:
4x4x1cm, 14.5x2.5x1cm, 5x8x1cm

Exclusiv by Rayher

The stencil sets are pre-installed. Gluing on the EZ-Mount is not necessary.
After using the stencil can be loosened from the acrylic block and can be glued on the printed film.
This film serves especially for storaging.

28 286 000 (2)
EZ Mount – foam plastic f. stamps
21.6x30.4x0.3cm, tab-bag 2pcs.

Exclusiv by Rayher

28 606 00 (10)
Acrylic stamp block
5x8 cm, 8 mm strong

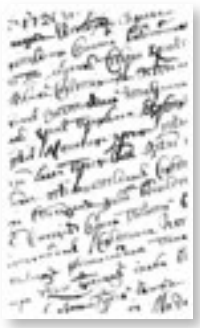

28 227 00 (1)
Acrylic stamp block swing, vaulted
150x110 mm

Perfect stamping results and an easily positioning with the stamp block "Swing"!
Advantages at a glance:
- for bigger stamping motives
- the stamp block lays pleasant in your hand
- a easy roll off is possible
- perfect positioning of the stamping mark due to the transparent acrylic material

Silicone stamp

For stamping an acrylic block is needed (e.g. 28 605 00 / 28 227 00 / 28 606 00)

Heat gun

Ideal for Embossing - Stamping technique
- will not scorch or deform
- Fast and easy
- with support for storage

Stamping, heating Embossing powder is like professional embossed.

The heat gun is suitable for paper, wood, fabric etc.

28 401 00 (6)
Emboss-Dual-Pen, 2 sides
transparent

Working with Emboss- Dual- Pen and Embossing powder

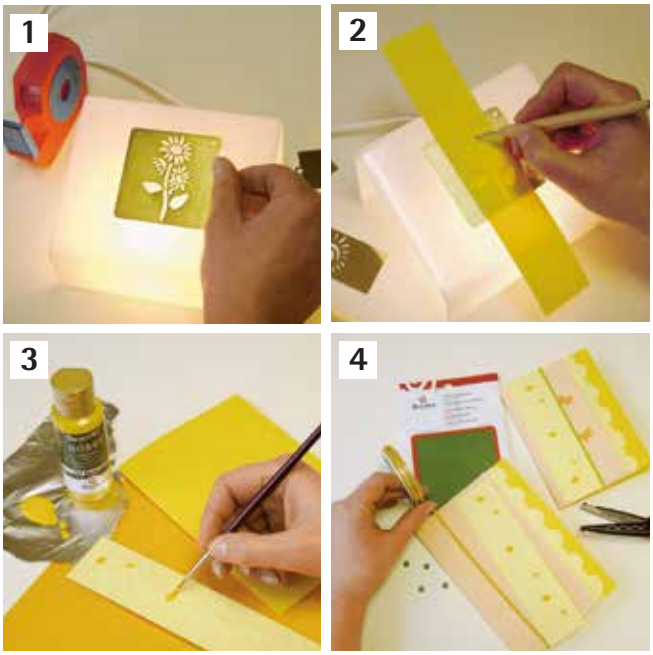

- Emboss a motif with the embossing-stencils on paper.
- Write text or paint different surfaces with the Emboss Dual Pen.
- Then you can spread immediately the powder onto the painted surface. The powder sticks on the wet paint.
We advice to work bit by bit, that the paint won't dry out.
- Slip off the rest of the powder. Again usable.
Heat the paper with the heat gun from the reverse side, so the powder can melt.

28 302 00 (1)
Light box for embossing
24x18 cm, with electric connection E14
with bulb

with cable and plug

(Technical subject to change)

Embossing technique

Step by step

1. Put the Embossing stencil onto the light box and fix it with sticky tape.
2. Lay paper (ideal 90 g) on top of this and draw the outlines with the Embossing pen.
3.If you like you can paint the embossed motives.
4. Work the ready embossed paper in cards. If you fix the motive with 3D adhesive lamellas onto the card you will get a beautiful 3D effect.

Spectrum AQUA - the artists marker on water-base
For creativity without any limits: to paint or colour stamped motives, to illustrate, to draw or for a lot of mixed media techniques

- the intense coloured ink allows an equal colour application and can be also easily dissolved with water, what makes the marker ideal for aquarelle paintings
- the colours can be easily mixed with each other
- Colour tones are optimally adapted on each other
- odour-neutral and acid-free
- good light-fastness

Each pen has two tips:
- a wide one, soft brush tip for easy colouring
- a fineliner tip for fine details, exact lines, shadings and scriptures

Washi-Tapes
The trend from Japan

Washi-Tapes are printed adhesive tapes made of Japanese rice paper. You can tear them easily by hand but they are extremely robust and hard-wearing. You can remove them completely and use them several times. Therefore also children can work with them easily

The tapes are perfectly suitable for decorating and giving things a personal touch. With the different motives you have multifarious and effective results very quickly. On envelopes or cards, on vases or picture frames, as a table or window decoration those tapes are unique means of creation.

Exclusive dreamlike deco-tags made of white transparent paper (100g/m²) with integrated hook-eyelet.
These tags can be wonderfully, individually and creatively designed by stamping, marking, punching, embossing and decorated with glitter, mirror foil or feathers.
As decorative pendants, wind chimes or garlands... these tags are different - differently beautiful!

FISKARS® Fuse Creativity System®

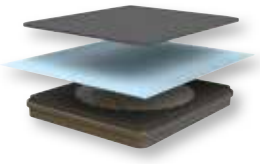

How it Works
An intuitive design and a simplified plating system make it easy to die-cut and letterpress in one pass. Simply combine a die and letterpress plate to create a beautifully die-cut and letterpressed embellishment in one easy pass.

Step 1
Choose a Die and a Letterpress Plate

Step 2
Ink the Plate

Step 3
Make a sandwich

Step 4
Make one easy pass through the machine

Step 5
End result!

5 Techniques
You can do more than just die-cut and letterpress. Different combinations of plates can create a pressed, die-cut embellishment; a simple die-cut shape; a letterpressed design for a page or card; or a simple pressed design.

3-in-1 Corner Squeeze Punch
- A revolutionary punch with easy and ergonomic squeeze handles. 3 radius corners in one punch :
- Choose the design by rotating the orange knob on the back. Knob clicks into place to secure the design.
- Alignment guides help keep paper straight.
- Precise punching thanks to the open-head design.
- Reduced force: very little effort to punch even through heavy cardstock (up to 210 gsm).

58 205 000 (3)
3-in-1 Squeeze Punch f. corners punching

Squeeze Punches
- A revolutionary upside down punch with two squeeze handles.
- See easily where to cut for perfect punches and no more wasted paper.
- Reduced force: very little effort to punch even through heavy cardstock.
- Ideal to punch again and again to create personalised design!

FISKARS®

Classic Scissors
The Classic orange-handled scissors are the leading force in quality:
- The unique, patented handle design of Fiskars' scissors makes them very ergonomic and comfortable, even during prolonged use.
- They are made in Finland from only the highest quality stainless steel (HRC 57).
- During the manufacturing process the blades are hardened and tempered to produce the best cut.
- The grinding, in conjunction with the hardening and tempering process, ensures long-lasting sharpness.
- The faceted blades and 60° edge blades make precision cutting easy.
- Made with non-toxic materials (cadmium free PBT plastic).
- Injection-moulded onto the blades to ensure a hygienic joint between the blades and the handle.
- All these scissors are dishwasher proof and shock resistant.
- Orange handled scissors can be sterilised in an autoclave up to 137°C.

MINI gardening

The new „Green Pleasure“ for each one at home!

Beautifully planted mini-oases in the cement-bowls for small city balconies, miniature worlds arranged in wooden boxes for the front yard or lovingly designed garden eye-catchers for gray living rooms. No matter the season – such mini garden can be easily made and takes your personal garden dreams anywhere.

It doesn‘t take much to start out with it: we have compiled a great selection of products for this creative topic. Beautiful wire elements in elegant white colour can be optimally combined with everything else and will make of the gardens nice recreation areas. Additionally, these high-quality succulents can form a beautiful setting of green frames which never fade.

And as you already know, there are so many products on the 870 catalogue pages from the wide Rayher’s range which can be integrated into this creative topic: from wooden boxes and creative-cement for decorative pots up to sand, granulate, river pebbles, bark pieces, magical small decorative parts, floristic purposes and much, much more...

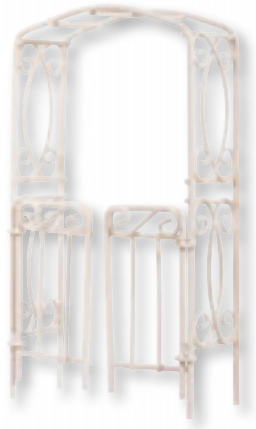

That way the mini garden is getting quite big!

...self-made with love!
With homemade goodies you are able to wrap up and decorate your self-made delicacy like a beautiful present; quick, easy and stylish, for a small party, a big party, if you have guests - or simply for the use at home. What's made with love should also be presented and given away lovingly! There are no limits for your imagination!

homemade goodies!

Rose maker

Especially suitable for roses rotated with the rose maker.

Roses and blossoms made of ribbons. Quick and easy.

Possible to create roses through folding and turning. These roses are timeless and after your choice it is possible to create beautiful examples. They are always special in use of bouquets, on presents, on wreaths, etc.

Dreamcatcher jewellery
The basis for this jewellery is a traditional indian faith, that the dreamcatchers separate the good dreams from the bad and change the good dreams into positive energy. So our jewellery is the best guide through the day.

magic flair

Großloch!
grand trou!
big hole! groot gat!
foro grande!

Mystic shine and magic charisma - the new glass beads with a big hole are mystic and noble. The high quality coating with paint contains 24 carat gold and provides the beads with an additionial shine. There are 5 designs which vary in 10 colours. Those bead-highlights have a big appearance, no matter if they are transparent, opaque, on one ribbon or on several ones, single or in combination.Features:
-high quality coating with paint - contains GOLD 24 carat
- burned in at 500-700°C
- high resistance to fading
- high abrasion resistance
- high resistance to sweat
- high resistance to perfume

Bead boutique

14 990 000 (1)
Bead boutique

So you feel like buying jewellery: The bead boutique "rainbow" does not only focus on the optic in your shop but is also very handy. As the beads are ordered by colours the jewellery designers can very quickly find the perfect combination for their piece of jewellery. Before the assortment they had to look for the Glass Beads, Renaissance Beads and the Rocailles etc. in different displays. Now your customers can combine the different beads very easily.

Our sales agents are reliable partners and are at you disposal for an individual advice.

Premium-Rocailles

Our Premium-Rocailles meet the requirements of very high quality. They are especially equable in size and finish and therefore ideal for hight quality jewellery as well as stitching and weaving. The uniformity of the beads is advantageous to get a steady width when weaving. The constant size of the whole of the rocailles makes working much easier.

We will lend you these acrylic glass elements on a free disposal. It is not allowed to fill in products from other suppliers.

Magatama is Japanese and means "bended" gemstone". For some thousand years drop-shaped beads from Japan are named like this. With Magatama beads you can create very special jewellery. Especially the beads, which are a little bit longer "Long Magatamas" (4x7mm) have a very good light refraction due to its shape and can be used to put highlight in many techniques.

With the 1,6 mm ø Delica Rocailles you can create very noble workpieces out of beads.
Fine, delicate motives show to advantage perfectly with these small Rocailles. Pieces of jewellery appear very elegant and every workpiece is something very special.

The extraordinary octagonal shape of the box emphazized the high value and the singularity of the Premium- and Delica-Rocailles.

The transparent lid as well as the noble black base of the box emphasise the colours of these marvelllous Rocailles.

It is not allowed to fill in any products from other suppliers.

Delica-Rocailles were especially developed for weaving beads in 1982. They do have the same advantages in quality as the Premium-Rocailles, but are distinguished by its special form. Compared to the "normal" Rocailles, which are rounded off, Delica-Rocailles are shaped cylindrically. Thereby they stick together very tightly and have a very regular surface when woven. Due to its regularity and its special shape Delica-Rocailles are often used for beadwork and needlepoint.

Miyuki-Perle "Tila"
"Tila" are flat quadratic beads with a double whole. Due to its shape they are especially suitable for plane workpieces. Especially in combination with Delica beads, but also with all other Miyuki beads you again and again can make interesting pieces of jewellery.

Due to the flat, edged shape Tila beads can break more easily than round shapes. Therefore we recommend to use a bead mat or another soft mat when working with it!

JEWELLERY TREND
In summer you will see them everywhere - ethnic jewellery.
The trend from Brazil conjures up special highlights on your wrist. Appropriately, RAYHER HOBBY completed the assortment with eight new closures in two colours, two sizes, each with pattern or smooth. Different ropes can be worked in this closures and the combination with well-known materials makes perfect the mix of colours and materials.

platinum

- extra long oval shaped ring specifically designed for jewellery-cement casting moulds
- the ring made of aluminium is long enough to thread even wider ribbons as for pendants, so the jewellery pendant always fits perfectly
- the width of 2 mm brings out specific matt finish of the aluminium and fits brilliantly to the cement-look

STAR

The "Star" crystal beads of Swarovski are sort of superstar amongst the beads.
They are made of crystal glass with 2 harmonising colourings and an unique coating e.g. copper gold. Some of them have an AB-coating this means they have an extra brilliance.

Kids Club

kids club

Acrylic stands with a coloured dot-system. The colours stand for the different shop sales prices. The dots are also printed on the packaging, so every end-consumer can see immediately how much the product is.

94 035 00 (1)
Empty display kids club with header
Width: 99 cm, depth: 37 cm,height:157 cm

! If the displays stand next to each other they have to be fixed at the reverse side.

The wooden display is appropriate for children and high quality so it is the optimal presentation for the kids club products and an eye-catcher for every shop. The colourful presentation as well as the funny kids club logo communicate fun. For the complete kids club assortment you need two displays. The high-value fabric banner, the different hooks as well as two acrylic stands with price dots are included for free.

(Technical subject to change)

The two wooden displays can also be uses as a middle gondola display.
