## EC-Norm for the safeguarding of toys

Dear customers,

The legislator stipulates that toys must comply with an EC standard and be marked with the „CE“ symbol.

Our items are mainly handicraft materials, i.e. starting materials. Thus, they are not subject to labelling and therefore do not have to comply with the strict regulations that apply to toys (e.g. danger from swallowing small parts such as wooden beads etc.). Please make parents and teachers aware of this issue.

Products that have not been tested and labelled, or products made from them, should generally be kept out of the hands of toddlers under 36 months. Children under age 14 should do handicrafts under adult supervision, by taking the general safety precautions (when it comes to knife, fork, scissors, light ...).

We wish all users many enjoyable hours of crafting and a lot of joy with the things they have made.

All items with a yellow mark are **novelties**.

# Easter & Hen –

## Spring awakening: Craft ideas for unique Easter decorations

Easter heralds the arrival of spring - a joyful season filled with colour, creative activities and new beginnings. The symbols of the hen and the egg are in the spotlight during Easter feast and provide numerous craft ideas that will put the craft passion of your customers into action.

Casting remains a hot topic this season too: whether it's about concrete or Raysin casting powder, the combination of colourful paper confetti and wood-veneer hens gives rise to enchanting spring decorations that impress everyone. Self-cast eggs and bunnies provide a perfect basis for colourful decorative touches that can be achieved with Color Drops in luminous colour shades. These colour drops enable a varied colouring of varnishes, adhesives and casting compounds – from refined pastel shades up to vivid colours.

In addition, our casting moulds, wooden elements and chenille wires foster creative potential and call for creating unique decorative elements. For nature-derived material lovers, decorative wooden hens and eggs are at their disposal, which can be optimally combined with wire rings, yarns and other natural materials. This is how appealing garlands, table decorations and door wreaths arise, which then bring a natural spring-like touch to any home.

This range offers an impressive diversity of trendy craft products that are simply perfect for any creative Easter and spring craft project.

Egg dye set with 5 colours

Food-safe dyes

coloured

- Egg dye set with 5 different colours to cook - egg colouring made easy
- Gluten-free food colouring (subject to the strict operating controls) made in EU
- Suitable for both brown and white eggs
- 1 g of colour powder per each colour (yellow, orange, red, blue + green)
- Each colour is sufficient for about 6 - 8 eggs (depending on the egg size)

**Application tips:**

- Boil the eggs, dissolve the desired egg dye in 125ml of hot water, add a tablespoon of vinegar
- Immerse the warm eggs in the dye solution for about 3 - 4 minutes, then let them dry on a paper towel
- Coat the dyed eggs with little grease (e.g. cooking oil) to get a nice shine
- Notice: if some dye penetrates through the egg shell, it is absolutely harmless to health

# Summer & Flowers –

## Flower Power: Brings summer into every home

Summer offers a whole colour scheme: it's the perfect time to add creative touches. Colourful crepe paper can be used to create artful flowers and blossoms which, thanks to their vivid, intense colours, turn any room into a floral oasis. These paper flowers are not only long-lasting, they also bring a special aura of lightness to the decor, brightening up every room.

Craft sets specifically designed for making 3D flowers that can then be used in a variety of ways: as garlands, floral picks or individual decorative elements, they lend every space a summery charm and invigorating freshness. Kits are an easy way to carry out creative projects that result in outcomes that satisfy both children and adults.

As an adjunct to kits, the new casting moulds with summery motifs encourage various craft activities. They offer immense creative enjoyment for all age groups and are perfect for making decorative pendants that can embellish bouquets, gifts or serve as summery decorative touches on glasses, bottles and candles. For the small amount of time and effort it takes, a lively atmosphere that makes summer palpable in every detail is gotten in return.

## Maritime symbols: Tradition meets lightness

Maritime decorative elements bring together tradition and art of living in a unique way. Fish and lighthouses, ancient symbols with a deep-rooted belief, represent support, belonging and safety. These motifs are much more than just festive elements intended for baptisms, communions or confirmations - they embody hope and guidance and create an inviting atmosphere that evokes a sense of trust and security.

The maritime world offers a broad range of appealing conceptual decoration possibilities: boats symbolise a haven of peace, while seashells and stones bring the beauty of nature and the artistic composition to life. These decorative elements are not only intended for special occasions, they also cool down hot summer days and add a cheerful touch to any garden party. They invite you to enjoy the carefree joy of living felt by the sea in the comfort of your own home.

Aside from classic motifs such as lighthouses and fish, our broad range also comprises various natural materials and creative craft ideas – from stamps, candles and transfer sheets to highly detailed accessories. This product diversity provides the possibility of creating maritime oases of well-being that enhance both festive events and daily routine with summery lightness. This is how a decor that touches the heart and brings the sea directly into your home takes shape – versatile, inspiring and full of positive energy.

# Miniature worlds –

Magic moments: Miniatures mesmerising all year round

The new miniature world of Rayher gives rise to wonderful possibilities to put summer ideas into practice and in small format. With our high-quality wooden construction kits, beach houses, small beach huts or cosy little garden seating areas can be lovingly created – every single detail being thoroughly considered and carefully designed. Surfboards, colourful flip-flops, mini sand-covered surfaces and illuminated elements create an authentic atmosphere that invites to daydream and contemplation.

The product range offers a broad variety of accessories such as mini swim rings, plastic ducks, sunchairs and seashells that create a maritime atmosphere and bring each miniature landscape to life. The blue sand gives rise to a mini pool that provides a summery sensation of freshness. In combination with mini cocktails and music being broadcasted on a tiny radio, the cheerful beach party makes a much bigger impression than the classic world of gnomes.

For lovers of cosy gardens, the matching garden accessory set provides the perfect basis for creating a little life-giving oasis that invites inner peace and tranquillity. These mini products, rich in detail, spark the imagination, leading to a world of dreams. With the miniature world of Rayher, creativity takes shape: a varied range that will impress your customers with its diversity and touch of magic. The mini products in our range, designed with great attention to detail, inspire fascinating stories that leave listeners spellbound.

Art in harmony with nature: A concept full of life and with personality

Nature paints the most beautiful pictures! So why not make use of what it has to offer? The diversity of materials, colours and textures inspires creativity and stimulates their use in one's own creative projects, which impress visually with their natural beauty.

Discover the magic of nature in your own creative projects: our high-quality canvases are the perfect base for creating decorative items unique in their kind. In combination with our versatile structure pastes, enthralling surfaces and fascinating reliefs can be created: this is where imagination becomes reality. The natural beauty of dried flowers, moss, wooden discs and natural finds, such as branches and leaves – all these natural elements bring artworks to life and provide them with a dazzling appearance.

Self-designed, natural-looking lamps turn every room into a cosy haven of serenity to enjoy pleasant moments. Numerous natural materials such as water hyacinth grass, seaweed, corn husks or reed grass, once combined with trendy metal lampshades of various shapes, give rise to individual light sources.

Our carefully selected products give your creative customers the opportunity to create eco-friendly and stylish objects in harmony with nature. It is so easy to create creative artworks using natural elements.

# You & Me friendship bracelets –

Creative messengers: Symbols of loyalty

Discover the colourful world of friendship bracelets! What could be nicer than expressing your feelings such as friendship to someone with something you have made yourself? With our high-quality nylon cords, individual pieces of jewellery that say more than a thousand words, can be made in a jiffy. The combinations with sturdy cords, sparkling beads and beautiful charms give your customers the freedom to make unique friendship bracelets which serve as a reminder of a loyal and solid friendship. Friendship bracelets are symbols of solidarity, devotion and love. They reveal a strong bond between two people.

The friendship bracelets are much more than a decorative accessory – they are also small messengers of devotion and togetherness. They are just perfect for any age group and any occasion. With the You & Me friendship bracelets and the matching accessories, you offer your customers a product that connects creativity and emotion. Our nylon cords are particularly long-lasting and easy to work with, which makes them perfect for DIY projects that are fun and get people enthusiastic. The broad range of paints, beads and charms offers many exciting design possibilities. Thus, every bracelet becomes one-of-a-kind – to give away or keep for yourself.

Matching jewellery boxes and jewellery display cards available in various models are the perfect way to wrap and give away self-made pieces of jewellery. Friendship bracelets delight young and old alike. We jointly experience moments of intense creativity that bring us closer and make us happy.

## Basic craft products: Essential for any creative DIY project

The basic craft product range offers the indispensable basis for numerous creative projects. Thanks to our great choice of essential items for numerous creative projects, it is possible to supplement and expand one's own craft material stock in the most optimal way. Among those items, there are also craft kits for making Click&Match bracelets and mobile phone chains that are eye-catching with their bright colours and high-quality texture. Small mosaic stones in a modern triangular shape, which open up possibilities for creative design in geometric shapes, are new to our product range. And to give the offer an added dimension, there are versatile and decorative wooden trays as a stylish basis for individual decorations.

The selection has expanded through various motif stamps and a frame loom with matching accessories. These products give rise to projects unique in their kind – art is a way of making ideas come true. The carefully selected materials are characterised by their quality and sustainability, which constitutes the basis of responsible crafting. Thus, our range helps you to provide your customers with inspiring and innovative products that foster the creative process and will become an integral part of their daily lives, because these items are used regularly, are not a short-lived trend and never cease to impress.

# Casting mould sets –

Turning creative ideas into reality: Perfectly practice-related, inspiring and trendy

With our very popular silicone moulds, by combining creativity and on-trend topics, we are offering you exclusive kits that are perfectly matched. Each kit consists of carefully chosen original-packed items, detailed instructions and inspiring pictures that guide you through the creative process. Packed in a convenient cardboard box, the kits come in appealing and complete sets at an advantageous price.

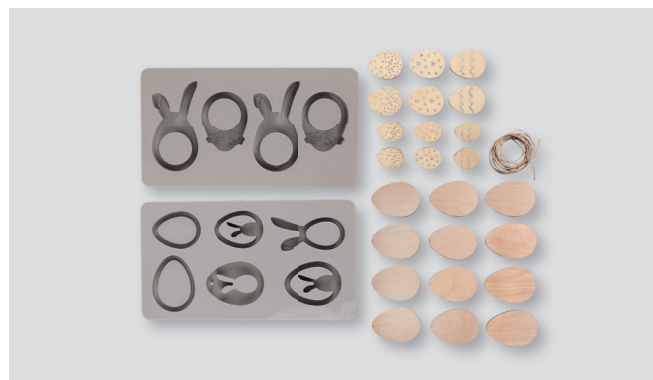

The variety of kits on offer covers numerous topics: from silicone casting mould sets Mini Houses including decorative wooden shapes Mini House through the set Illuminated Houses with the matching wood decor up to season-related highlights such as “Winterlicht” set with taper candles and transfer sheets. To add spring highlights, there is the Bunny & Egg set as well as the bunny family with several casting moulds. The range includes also practical topics such as candle casting or the Letters & Numbers set. And to supplement the whole, we offer sets containing candle holders and matching place mats.

These carefully compiled complete kits not only offer an inspiring variety of products, but also foster creativity of your customers through high-quality materials and in-depth studied combinations.

# Handicrafts for children

## Creative collaboration: Colourful craft worlds for little artists

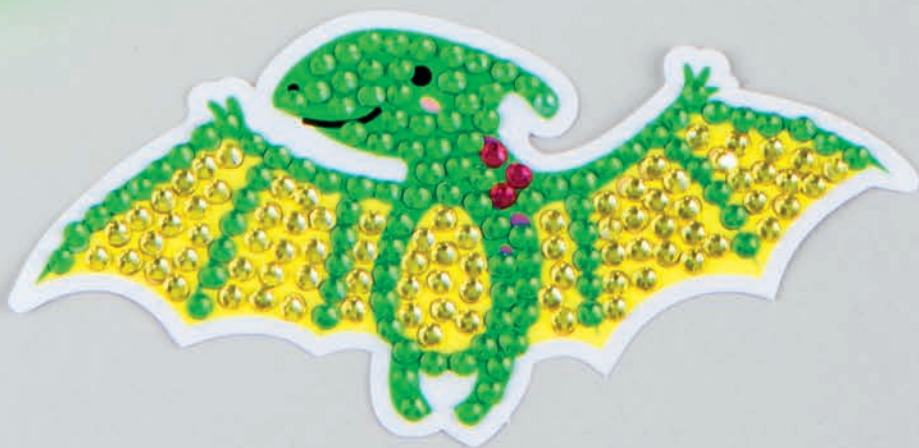

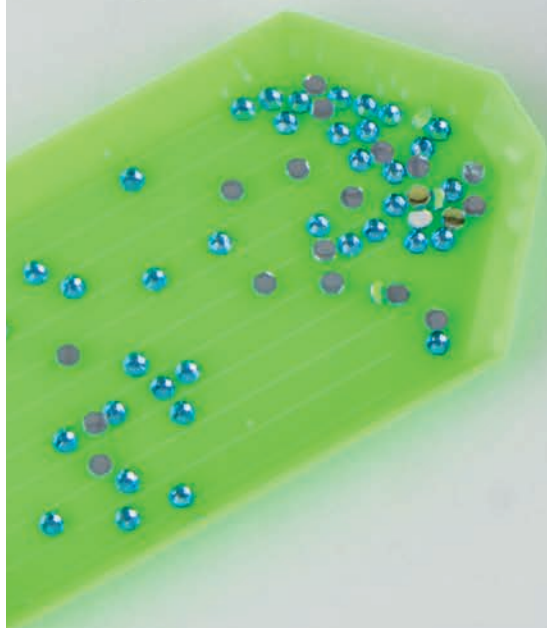

By doing handicrafts with children, you immerse yourself in a world full of creativity and shared experiences. This is where our products come into play, offering a colourful variety that delight little artists while stimulating their imagination. The brightly coloured bead mixes call for making individual bracelets and pieces of jewellery – just perfect for developing children's fine motor skills and reinforcing colour recognition in a fun and hands-on way. The range is rounded off by colourful fuse beads and matching boards, which greatly facilitate the creation of motifs and figurines.

Shrink foil, which contracts when heated, is great for implementing original DIY projects that result in small works of art. Drawing pads and drawing paper rolls open the door to creative potential and artistic self-expression in children. The topic Diamond Painting brings an additional glittering highlight into play by placing tiny, sparkling stones onto sketched-in patterns - easy to implement, with fascinating results.

These new products unite play-based learning with creative expression, giving rise to blissful and precious moments of togetherness. And the desire for doing handicrafts becomes endless. All products in our children's DIY range are age-appropriate labelled and CE-marked. Thus, each DIY project becomes an unforgettable adventure leading to creative growth and personal fulfilment.
