## EC-Norm for the safeguarding of toys

Dear customers,

The legislator stipulates that toys must comply with an EC standard and be marked with the „CE“ symbol.

Our items are mainly handicraft materials, i.e. starting materials. Thus, they are not subject to labelling and therefore do not have to comply with the strict regulations that apply to toys (e.g. danger from swallowing small parts such as wooden beads etc.). Please make parents and teachers aware of this issue.

Products that have not been tested and labelled, or products made from them, should generally be kept out of the hands of toddlers under 36 months. Children under age 14 should do handicrafts under adult supervision, by taking the general safety precautions (when it comes to knife, fork, scissors, light ...).

We wish all users many enjoyable hours of crafting and a lot of joy with the things they have made.

All items with a yellow mark are **novelties**.

- Gnome – this Scandinavian creature impresses young and old and is gaining in popularity worldwide
- A wooden gnome door should therefore not be missing in any household in the pre-Christmas period
- At the beginning of Advent, the gnome moves in behind a wooden gnome door

- Amazing stories entwine around this creature: it ensures extraordinary fun, plays tricks, leaves letters or little surprises at night – however the gnome remains hidden and lives unnoticed, because that's the only way to keep its power
- The gnome doors are lovingly designed, thus the magical gnome world can be decorated with all kinds of creative material (little trees, snowflakes, string lights...)
