Whether for herb pots and cooking utensils in the kitchen, homemade jewellery and other trinkets in the bedroom or as useful accessory in the hallway with baskets, pots, hooks, slats, clamps and mirrors - you can simply turn it into your very own personal board. Nothing gets lost here anymore! Colourful or monochrome, imprinted, in its natural state or painted with your favourite colour, glaze & Co. - it becomes even more individual! For any purpose, any room, for the whole family! And if you need even more order in your life, you can easily combine several boards together.

From now on:

Present pretty things in an even prettier way, store practical things in an even more practical way.

All you have to do is...

Choose your favourite board (1) and your favourite support brackets (2) and off you go! Now you can choose different storage options (3) and embellish your board with further accessories (4).

Re-organize yourself!

Cleaning up & cleaning out – pure minimalism, the reference to the essential reflects the current zeitgeist. Dive with your new Pin & Peg board into the current trend and solve, at the same time, your everyday storage problems.

With our new system, order becomes a creative hobby.

Whether in the hallway, living room, bedroom, kitchen or hobby room - in no time at all - keys, remote control, jewellery, wooden spoon and handcraft materials find a new place with an open and clear view.

The natural, black and gold colourings as well as the materials such as wood, metal and leatherette allow numerous combination possibilities. From now on: mix & match! Thus, your individual board becomes an eyecatcher in a flash or adapts to room conditions.

Make your home even more beautiful!

Never look for your remote control again... With Pin & Peg, put everything you need for a feel-good day on the sofa close to you. Pictures, vases, candles, books - in combination with our Extreme Sheen paints and trendy templates, your everyday objects will become instantly decorative highlights.

In the bedroom, your new board emphasizes your shiny jewellery and makes it easy for you to find the right piece to match your outfit.
