WE HAVE INVENTED THE CEMENT.

WWW.RAYHER.COM

Cast your jewellery-ideas into shape

The cement is much more than a living or a decoration trend. Even jewellery designers have long since discovered cement as an interesting, expressive material, thereby they are creating exceptional pieces of jewellery with an unique character.

Pour immediately your craft ideas out into shape by yourself at home.

With the newly developed Rayher's jewellery-cement and specially designed moulds for the jewellery designs, even beginners succeed quickly stunning gems.

Be your own jewellery-designer!

New: the jewellery-cement of Rayher - for a jewellery out of cement. Rayher's jewellery-cement is ultra-fine, ready-to-use and dust-free. Thus, it is now easier than ever to make individual trendy jewellery itself.

All that you need:

Rayher's jewellery-cement (**1**), water (**2**), casting moulds (**3**), jewellery accessories (**4**)

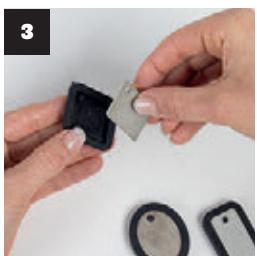

– if needed, deco-material, e.g. Rayher's deco-metal (**5**).

It is so easy to become jewellery-designer:

You don't need much to get started. Rayher has everything that you need for a creative creation of individual pieces of jewellery out of jewellery-cement: jewellery-cement*, jewellery casting moulds, jewellery accessories (chains, pendants, rings, etc.) - and diverse decorative materials for fascinating effects.

*** ultra-fine, ready-to-use, dust-free**

It is that easy to cast the jewellery-cement:

Mix the jewellery-cement with water (1) and pour it into the mould (2), after hardening remove it (3). Decorate the piece of jewellery to suit your kind of style (4).

Jewellery-cement easily made

With Rayher's jewellery-cement, you can design in a flash diverse, expressive pieces of jewellery out of cement such as pendants, earrings or rings. The Rayher's jewellery-cement specifically developed for jewellery out of cement has the typical concrete character, it is weather & frost resistant, whilst also being ultra-fine for equally beautiful casting results.

The jewellery-cement of Rayher is amazingly light and comfortable to wear, it can be combined with many materials and can be easily enhanced e.g. with Rayher's deco-metal (above), Rayher's Chalky Finish chalk paint (on the right) or with other creative techniques. That's how arise quickly your fantastic pieces of jewellery and gift ideas in a variety of styles, from pure or sporty to elegant and noble. No limits are set to your imagination...

Pure jewellery-cement

Besides Rayher's jewellery-cement and the corresponding jewellery additions, you do not need anything else for the hip purist cement look.
