Additionally you need:

Black paper if necessary

Instruction:

- 1 As a first step, fold up the two upper edges towards the middle.
- 2 Then fold the resulting triangle down.
- 3 Thereafter, stick the sticky eyes in the middle of the triangle.
- 4 Glue the numbers on as a nose. Put the hook & loop dot under the tip of the nose and on the opposite side of the bag, so you can close the bag after filling it with little surprises.

TIP: As for the white block-bottom bag, you could glue a slightly larger circle of black paper around the white eyes to create a contrast.
