Additionally you need:

pair of compasses, worktable cover, paper towel

Instructions:

- 1 Wash the cosmetic bag without fabric softener and press it flat.
- 2 Put one or two sheets of paper towel in the cosmetic bag and lay it with the handle to the left on the covered worktable.
- 3 Trace a circle of about 3.8 cm around the heart with the compasses on the paper template. Cut out the circle as exactly as possible with the paper scissors. Spray the back of the template with the non-permanent spray adhesive. Allow the template to flash off briefly and place it in the middle of the cosmetic bag and press on.
- 4 Shake vigorously the two textile spray colours and start with a spray test on a paper towel.

TIP: The more movement during the spraying process, the finer the paint application.

5 First spray on the hot pink colour at the lower third of the cosmetic bag. Then spray the remaining two thirds and the handle of the bag with the light red textile spray. Allow to dry out for about 15 minutes.

6 Turn the cosmetic bag and spray on the paint in the same manner as for the front side. To fix the paint, turn the cosmetic bag inside out and seal the paint with a hot iron for 3 minutes after drying.

7 Place the heart-template on the heart again and apply the rosy Extreme Glitter fabric paint by means of the paintbrush for fabric painting. Allow to dry well out.
