CANVAS - cotton bag hearts

Used items:

- 38 823 102** Cotton bag with long handles, white
- 29 186 000** Basic wooden stamp set, 2.2 - 3.7 cm ø
- 38 500 384** Fabric dye, ultra-blue
- 38 500 218** Fabric dye, dark orange
- 38 952 000** Painting sponge, 50 x 20 x 20 mm
- 38 024 000** Stencil & brush cleaner

Additionally you need:

- Cardboard or thick paper
- Water for washing out
- Household sponge

Instructions:

- 1** Pre-wash the cotton bag without fabric softener and flatten it by ironing before you start stenciling. Put a cardboard or a thick paper into the already prepared bag and you can get started.
- 2** However, if you want the heart-rectangle to be placed exactly in the middle, it is advisable to stamp the hearts on a cardboard first. That way you get a template that you can put afterwards in your bag. You can see the positioning through the thin fabric.
- 3** To spread the fabric dye onto the heart-shaped stamp use the painting sponge. To do this, put some paint on a pad and dip the painting sponge into the paint. Soak the sponge with paint by gently dabbing before applying it onto the motif of the wooden stamp. Then stamp each heart individually on the bag. Repeat the colour application after each stamping. The special effect is created by the heart in orange which in this case is out of the ordinary.
- 4** Clean the wooden stamps with the cleaner (38 024 000) and some water using a household sponge.
