Instructions:

- Stamp the white metallic square-shaped card with the black stamp pad "Memento" and the stamp „Forever & Always“.
- Divide the glitter tape lengthwise and affix the two strips along the top edge of the card.
- Stamp once a heart out of the black linen structure paper and once out of the white metallic card by means of the embossing-puncher "Heart".
- Wrap twice the black hemp-cord around the upper edge of the card and thread up thereby the two punched hearts and knot the small cord inside the card.
- Print/label your invitation on the letterhead parchment in a customized way.
- Cut it quadratic out according to the card and decorate it with the golden sticker Heart.
