

CRAFTING IDEA

GB

Stitch by stitch. Crochet plant hanger.

Used items:

- 44 008 685** Cotton yarn mix, pastel
- 21 075 00** Crochet hook
- 14 056 02** Rocailles, ø 2.6 mm, white

Additionally you need:

Scissors, wadding or paper for stuffing, yarn darning

Instructions:

Plant pot

1 First you need to crochet 6 chain stitches and close them in a circle.

Row 1: double each stitch

(i.e. crochet two double crochets in each stitch)

Row 2: 1 double crochet, double 1 stitch, repeat until end of row

Row 3: 1 double crochet, double 1 stitch, *2 double crochets, double 1 stitch* (from * till * repeat the whole process 5 times)

Row 4: insert your hook into back loop only:

3 double crochets, double 1 stitch

(from * till * repeat the whole process 6 times)

Row 5 and 6: in each stitch one double crochet

Row 7: 2 double crochets, double one stitch, *4 double crochets, double one stitch* (from * till * repeat the whole process 5 times)

Row 8 and 9: in each stitch one double crochet

Row 10: insert your hook into front loop only:

in each stitch one double crochet

Row 11: in each stitch one double crochet

2 After the last stitch, crochet the suspension cord directly with 45 chain stitches.

3 Attach this suspension cord to the opposite side of the basket.

4 Following the same pattern, crochet the next row with chain stitches so that you reach a suspension cord at each quarter of the basket. Gather and join the suspension cords with a wrap knot.

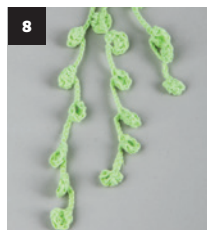

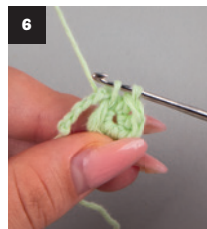

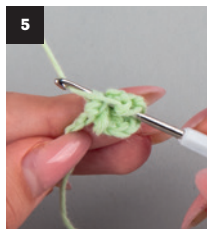

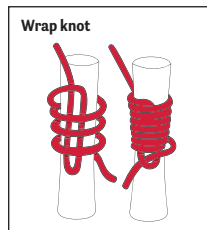

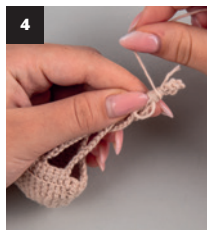

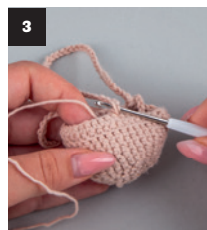

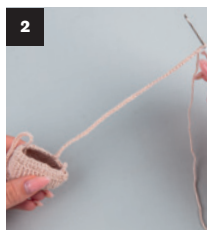

Tendrils

5 Start with 7 chain stitches. Crochet in the 3rd chain stitch (counting from the crochet hook) 5 treble crochets.

6 Extend the crochet yarn, insert the crochet hook into the 1st treble crochet and pull the yarn through.

7 Crochet 7 more chain stitches with this yarn, then crochet 5 treble crochets in the 3rd chain (counting from the crochet hook). Extend the crochet yarn, insert the crochet hook into the 1st treble crochet and pull the yarn through. Repeat the whole thing until you get 7 leaves on your tendril.

8 You can now start to crochet the next tendril, as described in step 5 above (a+b). To make your tendrils look natural, you can crochet a different number of chain stitches between the leaves to obtain a different amount of leaves and longer tendrils.

Instructions:

Crocheted circle

9 You need to crochet chain stitches and close them in a circle.

Row 1 and 2: double each stitch.

Row 3: 1 double crochet, double 1 stitch, repeat until end of row.

Row 4: in each stitch one double crochet

10 The various tendrils with leaves must be sewn onto the crocheted circle.

11 Stuff the crocheted plant pot with wadding or paper.

Then sew firmly the crocheted circle with the tendrils to the edge of the plant pot using the yarn darning.

Blossoms

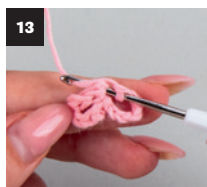

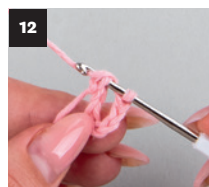

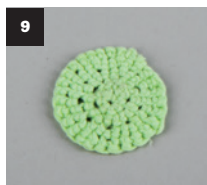

12 Crochet 7 chain stitches.

Insert the crochet hook into the first stitch and pull the yarn through (this results in a flat oval shape = petal)

13 Crochet 7 more chain stitches, insert the crochet hook into the first stitch and pull the yarn through. Repeat this step until you end up with 4 petals.

14 Sew a white Rocaille bead in the middle of each flower. You can crochet as many flowers as you like.

15 To finish off this beautiful decorative object, divide the flowers for each tendril and sew them tightly.
