Used items:

| | | |
|------------|--|-------------|
| 64 627 000 | Canvas frame, 25 x 25 x 1.6 cm | 1 piece |
| 35 077 506 | Allround Paint, acrylic, sandalwood | 1/20 bottle |
| 38 933 000 | Structure paste, fine sand | 1/4 jar |
| 62 400 000 | Wooden chip box, round | 1 piece |
| 38 934 000 | Structure paste, coarse sand | 1/6 jar |
| 42 000 504 | Jute cord on wood card, ø 1.5 mm, sand | 65 cm |

Additionally you need:

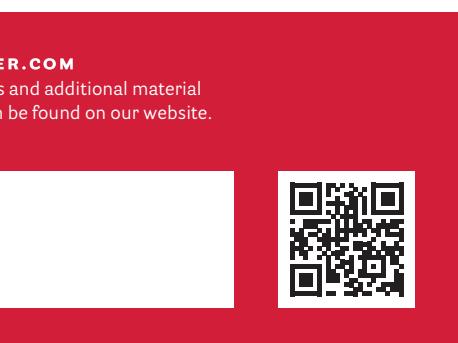

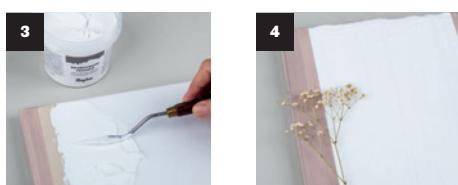

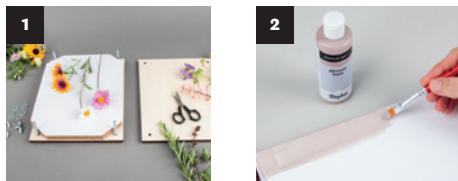

38 032 00 Metallic spatula with flexible blade tip
 27 000 505 Flower press
 Paintbrush, masking tape, hot-melt glue, flowers and blossoms to press

Instructions:

- 1 Press the flowers and blossoms according to the instructions of the flower press.
- 2 Paint the side edges of the canvas frame with acrylic paint and let them dry well out.
- 3 Stick the masking tape along the entire length, about 3 cm from the edge, and apply the Fine Sand structure paste to the middle part using the metallic spatula.
- 4 Remove the masking tape. Lay the dried flowers on the still wet structure paste and push them slightly down, in order to secure them in place as the paste dries.
- 5 Wrap a cord around the lid of the wooden chip box and secure it firmly using hot-melt glue. Spread the Coarse Sand structure paste over the lid using the metallic spatula and press down a dried flower into the still wet structure paste.

TIP: If need be, secure the dried flowers and blossoms in place by means of the hot-melt glue.
