Big glass vase with colour gradient

WWW.RAYHER.COM

Used items:

- 56 929 000** Glass vase, faceted, 10 × 10 × 18 cm
- 38 866 558** Chalky Finish for glass, stone grey
- 38 866 102** Chalky Finish for glass, white
- 38 866 270** Chalky Finish for glass, powder pink
- 33 398 00** Double-sided adhesive tape, 6 mm
- 38 434 00** Sponge stamp

Instructions:

- 1** Before dabbing, clean the vase with detergent.
- 2** Glue irregularly the double-sided adhesive tape 6 mm on the central part of the vase.
- 3** For the paint coating use the sponge stamp. Firstly, dab evenly the stone-grey Chalky Paint for glass onto the lower third of the vase.
- 4** The second paint coating should be dabbed with the sponge stamp soaked with the powder pink paint onto the middle part of the vase. It should not contain any hard transition to obtain a nice colour gradient.
- 5** At the end, dab the white colour onto the upper third of the vase. After a short drying period pull the adhesive tape off. Finally, the designer object is finished.
- 6** After 4 days of drying time, the color is so hardened that you can fix it in the oven according to the instructions on the label. Thereafter, the vessel is dishwasher safe.
