

**HANDICRAFT TIP**

GB

Greetings from the Easter Bunny.  
Giving away self-made Easter  
nests.

## Used items:

**67 379 521** Folding box, FSC Mix Credit 1 piece  
**35 035 576** Multi-Liner 1 piece

## Additionally you need:

Transfer paper, pointed-tip paper scissors, pencil or ballpoint pen

## Instructions:

**1** Cut the two rectangular flaps of the folding box along the fold line by means of the paper scissors.

**2** Copy both sides of the template sheet and cut out the ears and the face on the square-shaped outer sides of the copy.

**3** Lay the transfer paper with the black side facing down on the front of the folding box. Place the chosen bunny face in the middle and trace its outlines with a pencil or ballpoint pen. Do the same when transferring the bunny ears on the inside of the opposite lid.

**4** Draw the eyes, muzzle and whiskers using the Multi-Liner.

**5** Cut out the ears along the outlines with the pointed-tip paper scissors and fold the box together.

**TIP:** The eyes look particularly lively if you use the white acrylic marker to create a tiny dot of light.

Now you can fill your Easter nest as you please and offer a bit of joy!
