Instructions:

- 1 Remove the motifs and the frame from the wooden boards.
- 2 Paint the back wall no. 4 with the ebony Chalky Finish paint. The writing "All you need is Love" from the frame no. 2 and the hearts, paint with the white Chalky Finish paint. Mix the cashmere gold Extreme Sheen paint and the gold Extreme Sheen paint in a mixing ratio of 1:1, then paint the wooden frame no. 3 with the mixed paint.
- 3 Once the paint has dried out, trace the word "Love" on the writing with the Quickie-Glue adhesive stick and sprinkle the gold ultra-fine glitter dust on top of the still wet glue. Repeat the same with the big loose heart. In the frame no. 3, sprinkle the topmost heart with the glitter dust.
- 4 Trace a line by means of a ruler on the inner edges of the frame no. 10 using the Quickie-Glue adhesive stick and sprinkle immediately the gold ultra-fine glitter dust onto it. When everything is perfectly dry, you can assemble the frame (see instructions).
- 5 At the end, glue the loose hearts with the Klebefix adhesive pen both on and inside the frame.

TIP: To bond the frame, you should use the Klebefix adhesive pen at best, because the tip is perfect for punctual work.
