Instructions:

- 1 Prime the two upper and lower bars of the frame with the sponge for painting and the white Chalky paint.
- 2 Now wipe, with different levels of intensity, the upper and lower white primed bars with the salmon pink Chalky paint.
- 3 Paint the second bar from below with the blackberry paint by using the brush.
- 4 Cut out squares of 6.5cm out of the deco-mâché paper.
- 5 Paint in white the natural-coloured pegs by using the brush.
- 6 Once the white bar has dried out, you can put the paper on uniformly by using the Decoupage glue. Therefore, spread the glue on and lay the paper on wrinkle-free. Smooth it down with a finger.
- 7 According to your wish, the glue can be spread as a varnish over the paper.
- 8 Write out the "You and me" on a paper and bend it along the letters by the wire. Bent also the paper-heart-pendant by the wire.
- 9 Fix the clothes pegs and the wire lettering with a hot glue.
