Wooden candle arch Night Sky

Used items:

63 062 505	Wooden 3D construction kit „Nachthimmel“, FSC Mix Credit	1 piece
69 228 159	Mini LED string light with wire/timer	1 piece
38 868 102	Chalky Finish, white	1/20 paint can
33 086 00	Quickie-Glue adhesive stick	1 piece
39 420 620	Glitter dust, ultra-fine, PET, brill.gold	1 ml
38 013 000	Modelling snow	1 ml
46 112 000	Wooden deco-shapes Tree+Deer	1 pack
66 073 617	Decorative fir trees, glittered	1 pack
33 487 000	Klebfix-Pen	3 g

Additionally you need:

33 364 00	Hot melt glue gun	
38 241 00	Painting sponge	
AA batteries for rotation mechanism		2 pieces
AA batteries for string lights		3 pieces

Instructions:

- 1 Paint the wooden candle arch with the painting sponge and the white Chalky Finish paint and let it dry out.
- 2 Trace the star on the wooden candle arch by means of the Quickie-Glue adhesive stick and sprinkle immediately the glitter dust onto it. Allow to dry out.
- 3 Apply the modelling snow to the wooden deco-shape Tree and let it dry out.
- 4 Assemble the 3D wooden construction kit according to the instructions and affix it with the Klebfix-Pen.
- 5 Attach the string lights and the rotation mechanism. Insert the batteries.
- 6 Place the decorative fir trees and deer, and affix them firmly with the Klebfix-Pen.
