37 053 000	Paintbrush set Hobby Kreativ, FSC 100%	
AA batteries for rotation mechanism		2 pieces
AA batteries for string lights		3 pieces

Instructions:

- 1 Paint the big stars on the arches with the white All-purpose paint.
- 2 After the paint has dried out, use the Glue Pen to trace the edges of the stars and sprinkle the ultra-fine gold dust glitter onto the still wet glue.
- 3 Assemble the wooden candle arch according to the instructions.
- 4 Put the string lights on the arch so that the cable is somewhat hidden behind the stars. Insert the batteries.
- 5 Dab the edges of the wooden fir trees with the modelling snow using a paintbrush.
- 6 Paint the scarf and the pompom of the skier's cap with the All-purpose paint in classic red colour
- 7 Use the Klebefix-Pen to glue the wooden fir trees and the skier onto the large round disc.
- 8 Finally, spread the decorative fir trees onto the base plate and affix them firmly with the Klebefix-Pen.
