# Hexagonal tray „&“

### Used items:

<b>62 648 000</b>	Wooden tray 23 × 19.8 cm	1 piece
<b>38 867 270</b>	Chalky Finish, powder pink	approx. 10 ml
<b>38 867 558</b>	Chalky Finish, stone-grey	approx. 10 ml
<b>63 016 000</b>	Cork fabric „Granulate“	½ sheet
<b>62 678 000</b>	MDF-signs „&“	1 piece
<b>30 201 000</b>	Glue for wood/cork	

### Additionally you need:

Brush, adhesive tape, cutter, cutting mat

### Instructions:

- 1 Paint the lateral inner sides of the wooden tray with Chalky Finish powder pink. Let it dry.
- 2 Put the adhesive tape on the outer sides of the wooden frame up to the triangles and paint the triangles with Chalky Finish alternating between the powder pink and stone-grey colour. Let it dry.
- 3 Paint the upper narrow edge of the wooden tray with Chalky Finish stone-grey. Let it dry.
- 4 Cut now the cork fabric using the cutter and the cutting mat, so that it later fits perfectly on the inner surface of the wooden tray. Cover then the inside surface of the wooden tray with fabric. In order to do this, please spread the glue for cork on the surface, put the tailored fabric on it and flatten it carefully with fingers. Let it dry.
- 5 Decorate the wooden tray with the white MDF-signs „&“.
