<b>37 053 000</b>	Paintbrush set Hobby Kreativ, FSC 100%	
AA batteries for rotation mechanism		2 pieces
AA batteries for string lights		3 pieces

## Instructions:

- 1 Paint the base plate (no. 1), the four base lateral parts (no. 10, 11, 12 & 13), the two parts of the roof (no. 18 & 19) and the large rotary plate (no. 9) with the white All-purpose paint.
- 2 For the wooden construction kit front and back of the house (no. 16 & 17), use a ruler and the Quickie-Glue adhesive stick to draw a line along all four edges onto which you sprinkle the ultra-fine glitter dust in brilliant gold colour.
- 3 Coat the two parts of the roof (no. 18 & 19) with the craft glue and sprinkle the decorative snowflakes onto the still wet glue.
- 4 Now assemble the house according to the instructions.
- 5 Stick the light strip inside the house. Insert the batteries.
- 6 Draw a line on the base plate (no. 1), along all four edges, with the craft glue onto which you sprinkle the decorative snowflakes.
- 7 Use the Klebfix-Pen stick to glue the wooden deco-shapes onto the rotary plate (no. 9).
- 8 Use the Quickie-Glue adhesive stick and the ultra-fine glitter dust in brilliant gold colour to decorate the wooden trees with dots and lines, for example.
- 9 Finally, glue decoratively the remaining wooden deco-shapes, sheep and donkey, and the designed wooden trees onto the base plate (no. 1).
