Instructions:

- 1 Paint the inner side of the wooden house frame with the white paint Chalky Finish. Let it dry thoroughly out.
- 2 Leave the outer side of the wooden house frame natural.
- 3 Use the anthracite paint Chalky Finish for the wooden lettering "Do more of what...". Let it also dry thoroughly out.
- 4 Apply the glue for foil onto the front edge of the house by means of the brush. The glue foil has to dry well out, too.
- 5 Then, put on the mirror foil (with the shiny side facing up), and sweep your finger over it. Always proceed stepwise.
- 6 Use the double-sided adhesive tape to stick the painted wooden lettering in the middle of the wooden house.
