## Instructions:

- 1 Apply the Blocker onto the wooden house by using the synthetic wide brush. Let it dry for 5-7 days.
- 2 Paint the wooden house with the white paint Chalky Finish. By using the template "Feathers", stencil the feathers with the anthracite paint Chalky Finish.
- 3 Mask the surface laterally onto the house and the house by using the masking tape for the mint-green paint Chalky Finish. Paint it afterwards with the mint-green Chalky paint. While the paint is still damp, take off the masking tape.
- 4 Paint the glass container with the white Chalky Finish paint for glass by using the sponge stamp. Then from below, dab off a colour gradient with the light-yellow Chalky Finish paint for glass.
- 5 Let it dry for 4 days and then burn it in the oven according to the instructions on the label.
