Instructions:

- Using a brush, paint two round wooden plates (14.9 cm ø and 24.7 cm ø) with the black All Purpose paint Gloss. Allow them to dry out.
- Paint all wooden rings (16.9 cm ø, 22 cm ø, 18.9 cm ø, 19.9 cm ø, 23.3 cm ø, 24.7 cm ø) with a brush and the metallic paint brill.gold and allow them to dry out.
- Affix the extra strong double-sided tape onto the outer edge of the black wooden plates and stick the gold leatherette strap onto it.
- On all golden wooden rings, affix the extra strong double-sided adhesive tape onto their outer edge and stick the black leatherette strap onto it.
- Cut the square dowels so that they are placed in the middle behind the mirror, but do not poke out of the sides.
- Apply the adhesive pen to the square dowels, allow it to dry briefly out and then stick them to the mirror.
- Stick the micro LED string lights to the edge of the mirror's rear side by means of the double-sided adhesive tape. The light dots should not poke out of the edge of the mirror.
- Now apply the adhesive pen onto the other side of the square dowels and glue them centrally onto the wooden boards.
- Put the wooden rings and boards together as desired and affix them with the adhesive pen.
- Position the slotted picture hangers and glue them by means of the adhesive pen.
