Instructions:

1 Stamp the white card B6 with the fish stamp from the wooden stamp set in the middle of the card. Use for this purpose the silver Delicata Metallic stamp pad. Let it dry well out.

2 Stamp two boats on the white card B6 by means of the pink StazOn pigmented stamp pad and one boat with the silver Delicata Metallic stamp pad. Let it dry well out.

3 Then trace the silver boat with the Quickie Glue adhesive stick and sprinkle it with the silver ultra-fine glitter dust. Tap off loose glitter dust. Cut the boats out and punch a hole with the punch pliers at the top, in the middle of the boats. Stick the 3D adhesive squares onto the rear side of the stamped boats. Cut the silver metallic yarn to the length of 1 m and thread the boats on.

4 Wrap crosswise the silver metallic yarn 3 times around the card while paying attention to the configuration of the boats (see picture). Then knot the both ends of the yarn on the inside of the card. Now ligh the boats up over the stamped fish.

5 Cut out a blank measuring 16.3 × 11.5 cm from the white B6 card. Cover all its 4 sides with the special double-sided adhesive tape. Then stick this blank to the left inner side of the card. Cut out a blank measuring 22.9 × 16.5 cm from the letterhead A4 parchment. Fold it carefully in the middle and insert it into the card.
