GB

Luminous row of houses.  
Glass candle jar with paper  
silhouettes.

[WWW.RAYHER.COM](http://WWW.RAYHER.COM)

## Used items:

<b>87 435 102</b>	Paper silhouette Mountain village, white	1 bag
<b>46 757 000</b>	Glass vase, 15 cm ø	1 piece
<b>36 990 00</b>	Casting powder "Raysin" 200, white	300 g
<b>36 125 000</b>	Silicone casting mould Round coaster	1 piece
<b>31 659 000</b>	Candle-shaped mould, cylindrical, flat, 7 cm ø	1 piece
<b>31 042 02</b>	Wax pellets, white	300 g
<b>31 005 00</b>	Flat wick for candles with ø of 30 to 60 mm	15 cm
<b>38 100 102</b>	Frost-effect paint, white	1/20 bottle
<b>55 961 000</b>	Ribbon display "Nature X-Mas" (natural cord)	250 cm
<b>46 722 000</b>	Fir cones, mini	26 pieces
<b>69 136 000</b>	Micro LED string lights with wire	1 piece
<b>39 486 000</b>	Glass pebbles transparent	approx. 300 ml

### Additionally you need:

<b>30 068 000</b>	Special double-sided adhesive tape
<b>33 487 000</b>	Glue fix pen
<b>38 952 00</b>	Sponge for painting

Wax melting accessories, hot-melt adhesive, 2 button batteries, masking tape

## Instructions:

- 1 First, the coaster needs to be cast using the Raysin and the round casting mould.
- 2 Before covering the glass evenly to within 2 cm of its top edge with masking tape, clean it with water and washing-up liquid.
- 3 Take some frost-effect paint with the sponge paint dabber and apply it in small dabs to the free area next to the masking tape. Then remove the masking tape and allow the paint to dry thoroughly.
- 4 Adjust the paper silhouette to the glass and stick it neatly at about 1.5 cm from the bottom by means of the special double-sided adhesive tape.
- 5 Around the empty space between the bottom of the glass and the paper silhouette, wind the natural cord twice and knot it off tightly. Then glue the small fir cones on, as evenly as possible, using hot-melt glue.
- 6 You also need to wind the natural cord twice over the fir cone wreath.

\* without drying time

- 7 Then wind the LED string lights between the cones to fix them in place and to light up the wreath in an exceptional way.
- 8 Melt the wax pellets according to the instructions given, pour them in liquid form into the candle mould, cast with the wick inserted, allow to cool down, then demould it.
- 9 Once you've demoulded the coaster and inserted the button batteries, you can decorate the lantern with the candle.
