Additionally you need:

61 217 31	Craft sticks
89 378 00	Hobby scissors
89 323 00	Punch pliers

Plastic container

Instructions:

- 1 Mix the bath salt in a container in which you add dropwise the colour and stir all with a craft stick.
- 2 You can dye at best the bath salt by shaking the salt with the colour. Therefore, you need a jar with lid. Dose the soap-colour sparingly out.
- 3 Pour the salt by using a paper funnel.
- 4 Stamp the tag and fasten it with a golden glitter-ribbon onto the glass jar and glue the small wooden object "Star" onto it.
