Batteries:	2 x lithium button cell 3V

Instructions:

Illumination of the ball

- 1 Dab inside one half of the faceted ball with the glue for foil by means of the sponge stamp. Let the glue dry transparent out.
- 2 Lay the foil with the metallic side facing up in the half-ball and press it with fingers.
- 3 Strip the rest of the foil away and repeat the procedure until the surface completely covered is.
- 4 Form the fairy lights into a loose ball by hands and secure it at the upper crosspiece. Close the ball.

The ball in Chalky Finish salmon-coloured paint

- 5 Mix the Chalky colour tint apricot and powder pink in a mixing ratio of 4:1 and dab richly the ball from inside with the sponge stamp.
- 6 Before closing, let the ball dry well out.

Wooden tray

- 7 Paint the wooden tray with the brush and the anthracite Chalky Finish paint.
- 8 Let the colour dry well out. Wipe the mixture out of the white paint and the cream-wax over the entire wooden tray with a wet paint pad. As a result, a limed appearance arises.
- 9 Decorate the tray with balls and the decorative material.
