Casual wrap bracelet

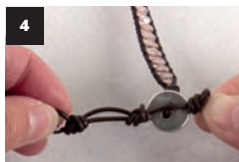

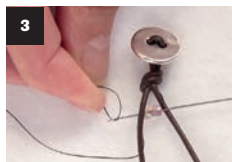

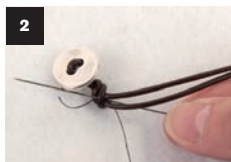

Used items:

14 203 810	Glass cut pearls olive, 6 x 4 mm ø	127 pieces
22 091 48	Metal decorative element "button", 1.4 cm ø	1 piece
83 020 05	Round belts made of goat's leather, 1.5 mm ø	1,50 m
89 300 576	Stringing thread for Delica-Rocailles, 0,27 mm ø	approx. 6 x 1.20 m

Additionally you need:

21 548 00	Special pearl threading needles for Delica-Rocailles
89 378 00	A pair of scissors

Instructions:

- 1 Thread the button in the middle of the 1.50m long leather band. At a distance of 1cm after the button, apply an overhand knot with both leather bands.
- 2 1.20 m Thread the stringing thread into the pearl stringing needle and sew up the thread end in an overhand knot.
- 3 Thread the first pearl, push it between the leather bands. Place the stringing thread around the leather band and rethread it back through the pearl. Repeat this step 2x, so that the pearl is sewn in twice. Sew on all pearls successively, as described.

Tip If the thread is coming to an end, sew on the last 3 pearls with a single stitch, sewing in the end of the thread through the previous pearls. Sew in the new 1.20 m long thread through 3 pearls, thereafter pick a new pearl and continue.

- 4 After approx. 50 cm of sewn-in pearls, sew in the end of the thread. After the last pearl, apply an overhand knot with both leather bands. Knot twice for the "button holes". Here please ensure that button doesn't go through too easily.
