Additionally you need:

38 241 00	Sponge for painting	1 piece
33 396 00	Paper glue	some
89 379 00	Pointed paper scissors	

Instructions:

Apricot Moisten the painting sponge with water, absorb a little paint and carefully wipe over the paper lantern with it. Cut 2 strips of 6 × 75 cm out of the tissue paper and twist them together into a twine. For the Washi tape pennants, cut Washi tape into 6 cm long pieces and stick them to the middle of the tissue paper twine, then fold the Washi tapes together and cut the tips off unequally. Put the twine with pennants around the lantern

and affix it with the paper glue. Do the same with the other twine. Use the thin satin ribbon for hanging.

Purple Spray the paper lantern with heather violet-coloured spray. Maintain sufficient distance during spraying and rotate the paper lantern evenly and smoothly. Put the organza ribbon horizontally around the middle of the paper lantern and affix it with the paper glue. Stick firmly the confetti onto the organza ribbon at 4 spots and attach the paper blossoms to them. Cut a 35 × 6 cm piece of tissue paper for the fringes and then cut 1 cm wide strips lengthwise, leaving a 5 cm free area (crosspiece) in the middle. Fold the paper at this crosspiece and spin around, fold it up and fasten to the lower iron wire bracket of the paper lantern. Then put the ribbons on. Use the thin satin ribbon for hanging.

Pinkish with dots Moisten the painting sponge with water, absorb a little paint and carefully wipe over the paper lantern with it. After drying, stick the confetti on with paper glue. Use the thin satin ribbon for hanging.

Pink Moisten the painting sponge with water, absorb a little paint and carefully wipe over the paper lantern with it. Apply more paint at the bottom and less paint at the top. Use the thin satin ribbon for hanging.
