Instructions:

First cut the yarn as follows:

Body:	7 × 20 cm
Hair:	4 × 14 cm
Arms:	1 × 9 cm
Belt:	1 × 25 cm
Hook:	1 × 50 cm

1 First unwind one strand of the 3-ply twisted yarn from the 9 cm, 25 cm and 50 cm yarn cuttings so that the yarn is only 2-ply twisted. Make sure that the two other yarns are not unwound.

2 Now begin with the body. To do this, take the 7 × 20 cm yarn cutting, wind them up and lay them all on top of each other.

3 Now tie the cuttings together with the 50 cm long yarn in the middle with an overhand knot.

4 Then thread the yarn through the large raw wood ball with the embroidery needle. For the hair, the 3 × 14 cm long yarn has also to be unwound individually and placed centrally on the raw wood ball between the yarns

5 Then tie up above with a thin thread.

Now space the hair on the wooden ball and affix it at the back of the head with the craft glue. Trim the hair with the scissors.

6 Now place the yarns from the body in the middle and wrap the 25 cm long yarn 3 times around the body. Overlap the ends at the back, affix them with craft glue, let them dry out and cut off the ends.

7 Insert the 1 × 9 cm long yarn for the arms into the upper part of the body and glue a small raw wood bead to each end.

Then thread in the metal ring and place it at the front. Now cut the dress to the desired length.

8 Finally, glue on the feathers as wings.
