Metal ring „love“

Used items:

25 052 06	Coated metal ring, 20 cm ø, gold	1 piece
55 798 000	Eucalyptus twig	1 piece
55 816 000	Decorative red berries, 1,5 cm ø	1 piece
24 116 616	Paper wire, 0,55 mm ø, gold	1 m
24 121 00	Brass wire	0,8 m
55 795 102	Lace ribbon, white	1 m
89 545 00	Cropping tongs for jewellery	

Instructions:

- 1** Unwind 1 meter of the golden paper wire from the spool and form the word „love“ into a heart shape according to the template.
- 2** Place the shaped word in the metal ring and fasten it around the metal ring through a small winding on the right & left sides.
- 3** Put the eucalyptus twig and the decorative red berries at the lower area of the metal ring, and fix the whole with several windings by means of the brass wire piece.
- 4** As a suspension, thread the lace ribbon into the ring and attach an approx. 5 cm long loop at the end.
