Metallic message plate with Chalky Finish handlettering

Used items:

25 117 000	Vintage metallic message plate	1 piece
24 042 00	Plug-in wire, annealed	1 piece
71 717 000	Transfer paper DIN A4	1 sheet
35 017 408	Chalky Finish marker, mint green	
35 017 258	Chalky Finish marker, pinky	
35 017 432	Chalky Finish marker, jade	
38 369 01	Permanent foil pen, black	

Additionally you need:

89 279 00	Strong side cutter
	Character style sheet
	Pencil

Instructions:

- 1 Lay the text printout (see next page) over the transfer paper onto the metallic message plate. Trace the outlines of the lettering with a pencil.
- 2 When colouring the letters with the Chalky Finish marker, be careful not to blur their edges, viz. forget about shaky hands.
- 3 Colorize with all three colours and let them dry out until the paint becomes matt.
- 4 Now, you can sketch the outlines with the black permanent foil pen.
- 5 Bend the plug-in wire to make a hook for your metallic message plate.
