<b>51 752 06</b>	Cord without wire, gold	40 cm

## Additionally you need:

**37 054 000** Brush set Hobby Kreativ, assorted, FSC 100 %

## Instruction:

- 1 Tear off carefully all punched pieces.
- 2 Firstly, paint the round cut-out sheet (round sheet with the 3 notches) with the white All Purpose paint by the means of the brush. Let it dry out.
- 3 Insert the sheet no.1 into the first notch of the cut-out sheet to define the position of the skier with the pencil.
- 4 Stick the plastic miniature Skier on with the adhesive pen.
- 5 Work on all roofs and trees (front & back) with the modelling snow and the iridescent sequin spangles.
- 6 Paint the stars on both sides with the metallic brilliant gold paint.
- 7 Slide the sheet no.2 with the church into the middle slot of the cut-out sheet by means of the adhesive pen.
- 8 Then spread some modelling snow along the plug-in border.
- 9 Now, slide the sheets no.1 and no.3 into the painted cut-out sheet, affix them with the adhesive pen.

**10** As a "stabiliser", slide in the last punched piece into the slot at the bottom of the 3 round circles.

**11** Coat the edge with modelling snow as desired.

**12** Paint the 3 circles on the outer edge with the metallic brilliant gold paint.

**13** Insert the finished winter village into the lower half of the plastic ball and sprinkle some snowflakes onto the gaps at the lower part of the cut-out sheet according to your wishes.

**14** Put and close carefully the upper half of the plastic ball.

**15** Thread the golden cord through the hanging hole and knot it together.
