Mirror, mirror on the wall...
with a mosaic as if by magic

WWW.RAYHER.COM

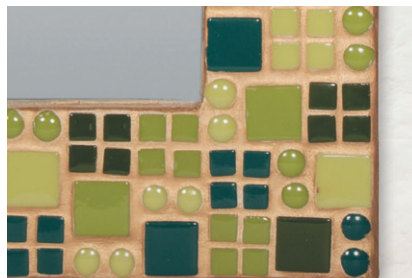

Used items:

61 546 00	Wooden frame with mirror	1 piece
14 829 000	Mix of mosaic stones (approx. 395 pcs)	320 g
33 385 000	Mosaic glue	20 g
14 601 000	White sealant, 1A quality	80 g
38 001 620	Metallic paint brilliant-gold	2 ml

Additionally you need:

38 241 000	Painting sponge
61 217 31	Wooden craft stick 110 x 11 mm
	Container to stir the sealant
	Paper towel
	Poss. vinegar cleaner

TIP:

Dilute the vinegar cleaner with water and spread it over the mosaic stones, that way they get back their shine.

Instruction:

1 The affixing: Apply pointwise the mosaic glue on the wooden frame and place the mosaic stones as desired onto the glue.

TIP: Work step-by-step on small areas and do not cover completely the wooden frame with the mosaic glue.

Allow everything to dry completely out, preferably overnight.

2 The grouting: Stir the sealant by using a wooden craft stick and coat the mosaic with the sealant. Allow the sealant to dry for a while, and then wipe it gently with a paper towel (poss. slightly moistened) across the mosaic.

Repeat this procedure several times, do it without pressing, so that the sealant is wiped carefully off across the small stones. Let it dry well, preferably again overnight.

3 Gold effect: Spread the metallic paint brilliant-gold across the joints by using the painting sponge. Then, wipe carefully across the mosaic stones with the paper towel (poss. slightly moistened) to remove the paint residues. Let them dry thoroughly.
