

CRAFTING IDEA

Orange-coloured tag
out of Raysin

GB

Used items:

36 073 000	Casting mould: Circle, rectangle, oval	1 piece
34 406 102	Casting powder Raysin 100	approx. 45 g
35 016 208	Colour pigment, tangerine	some
34 395 000	Labels Snowdrops	1 piece
34 397 000	Labels „Hello Spring, hoppy easter“	1 piece
46 174 000	Wooden trinkets Flowers	1 piece
55 407 18	Checked ribbon, red	approx. 0.10 m
51 658 11	Decorative string	approx. 1 m
14 187 49	Glass large hole wheel bead, opaque	6 pieces
85 143 02	Decorative feather, white	1 piece

Additionally you need:

61 216 31	Craft sticks
62 039 00	Wooden skewer
33 398 00	Special double-sided tape
89 379 00	Pointed paper scissors
33 376 00	Mini hot glue gun
	Plastic cup
	Scotch tape

Instructions:

- Place the label in the casting mould with a motif facing up. Affix it by means of the double-sided adhesive tape.
- For the tag, stick crosswise one strip of the scotch tape over the upper part of the rectangular casting mould.
- Glue some scotch tape onto the blunt side of the wooden skewer.
- Pierce the stretched scotch tape in its middle with the wooden skewer and insert the glued blunt side of the skewer through.
- Mix the tangerine-coloured pigment with the Raysin casting powder in a small vessel. Blend it evenly. According to the desired colour intensity, you have to put more or less colour pigment.
- Mix the blended casting powder with water.
- Then pour the colorfully stirred Raysin quickly into the mould.
- After about 30 minutes, demould the gift tag. The wooden-skewer can be removed.
- Remove afterwards the label with for e.g. the tip of the wooden skewer or a head pin.
- Before decorating and hanging the tag, allow it to dry out completely for several days. In addition, pull the decorative string through the hole of the tag and thread the glass large hole wheel bead on.
- At the end, tie a knot on the decorative string.
- Now, you can further decorate the tag by affixing some checked ribbon, a wooden flower and a feather with the help of the hot glue gun.
