## Additionally you need:

**33 487 000** Glue Fix pen  
Double-sided adhesive tape, scissors, craft knife or paper cutter,  
black Multi-Liner marker

## Instructions:

**1** Make a blank measuring 18.5 × 10 cm out of yellow, lilac and orange craft cardboard. Glue each blank together using double-sided adhesive tape in order to get a roll of each colour.

## Baby chicks

**2** To make the baby chick, you'll need two strips of yellow craft cardboard measuring 11 × 3 cm each. Glue one strip on the left side and one on the right side of the top edge of your yellow roll. Then cut the edges of the two strips in a zig-zag pattern to create the baby chick's crest.

**3** Cut out the feet, beak and tail for the baby chick from the orange craft cardboard. For the eyes, glue the wiggling eyes onto the pompoms. Then, glue the beak, eyes and tail onto the yellow roll using the Glue Fix pen. Glue the feet to the top of the chip box cover. Insert the yellow roll into the chip box cover.

## Bunnies

**4** For the bunny, bend the two pinkish chenille wires to make the ears, then glue them to the top edge of the lilac roll using the Glue Fix pen.

**5** Glue the wiggling eyes, the pink pompom (for the nose), the tail and the pink checkered ribbon around the edge of the chip box. Glue the pink checkered ribbon around the edge of the chip box. Draw the teeth, lashes and eyebrows on the roll using the black Multi-Liner marker. Finally, insert the finished roll into the chip box cover.

## Instructions:

### Carrot

**6** To make the carrot, cut out 5 strips (to be used as carrot tops) from the green craft cardboard and stick them onto the green chenille wire using the Glue Fix pen. Cut out the leaves and stick them to the top edge of the orange roll.

**7** Draw a circle with a diameter of about 2.7 cm on a white paper and paint it with the black Multi-Liner marker. Draw also the bunny's two feet on the lilac craft cardboard using the Multi-Liner marker. Now, you have to cut out the black circle and the feet. Glue all the parts (feet, circle and pompoms) onto the orange roll using the Glue Fix pen.

Glue the green ribbon to the top edge of the roll and the checkered ribbon to the edge of the chip box cover. Insert the finished roll into the chip box cover.

Take the decorative paper grass to fill in all three rolls (bunny, baby chick and carrot).
