

CRAFTING IDEA

GB

# Paper box

### Used items:

- 50 001 000** Scrap.paper metallic effect, brushed ½ sheet
- 50 000 000** Scrap.paper metallic effect, brushed ½ sheet
- 60 969 000** Set of Washi tapes - black/gold/silver foil
- 89 577 000** Precision craft cutter  
or
- 89 378 000** Craft scissors, 17 cm
- 89 079 000** Bone folder
- 30 071 000** Double-sided adhesive tape, extra strong

### Additionally you need:

- 89 288 000** Aluminium ruler  
Pencil

### Instructions:

- 1** Copy out the template to the rear side of the desired scrapbooking paper via distinctive dots by using a pencil and a ruler.
- 2** Cut out the copied box along the solid line by means of the precision craft cutter or scissors.
- 3** Connect the distinctive dots with the ruler without marking them and trace them with the bone folder. Now you can fold the paper box.
- 4** Stick the box together at the flaps with the extra strong double-sided adhesive tape.

**TIP:** You will find attached hereto indicated paper box height of 10 cm. But you can also use various heights (10, 12 and 14 cm) to make a whole bunch of paper boxes.
