PAR

Used items:

- 55 359 576** Paracord, 3, 5 mm ø, black 120 cm
- 55 359 561** Paracord, 3, 5 mm ø, silver grey 120 cm
- 55 361 000** Plastic clasp 1 piece

Instruction:

You need 2, 4 m of the Paracord. For the bracelet with two colours, weld the two 1,2m long cords together. Cut off the ends, hold them side by side, cauterize them at the same time and quickly join the ends together. Lay the cord in the middle (bracelet with two colours: move the welding point for 4cm).

Additionally you need:

- 53 796 000** Measuring tape
- 89 379 000** Scissors
- 69 004 000** Crochet hook Nr. 3 lighter

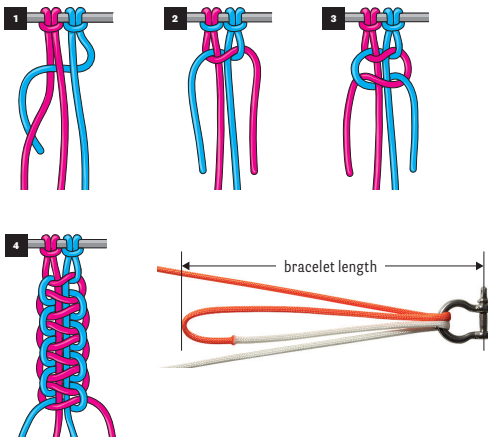

Bracelets with metal-clasp:

- 1** Pull the cord through the curved part of the carabiner to the desired length incl. clasp (see picture below).
- 2** Make the knots starting at the clasp up to 1,5cm before the end, this will be the loop for the closure.
- 3** Finish the bracelet: Sew the cords with the crochet hook, cut them off and seal the ends with a lighter.

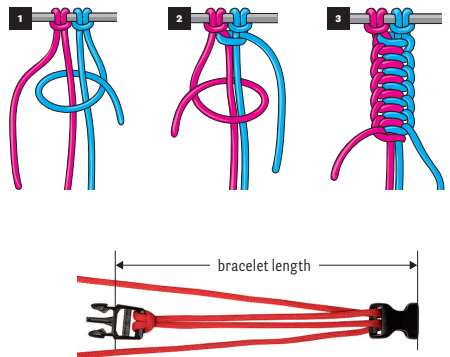

Bracelet with plastic-clasp:

- 1** Close the clasp.
- 2** Pull the cords through, from top to bottom, at one side of the clasp (the front section) and then pull them through the resulting loop.
- 3** Pull the cords through the other side of the clasp (the front section), from top to bottom. Open the clasp. Pull the cords to the desired bracelet length incl. the clasp (see picture below).
- 4** Make a knot.
- 5** Finish the bracelet: See the instruction for metal clasp.
