## Additionally you need:

**33 487 000** Glue fix pen  
Mixing vessel, poss. sandpaper, paintbrush, adhesive tape

## Instructions:

- 1 Mix the white Raysin casting powder with water according to the instructions given, then fill the casting mould with the resulting casting compound. Place four quail eggs in the still soft casting compound (about 1 cm from the bottom edge) and secure them carefully in place using the adhesive tape. After 240 minutes drying time, carefully demould the egg and let it dry for a while.
- 2 Paint the wooden flowers with Allround Paint and allow them to dry thoroughly.
- 3 Glue the painted wooden flowers in the shape of a wreath onto the Raysin egg using the glue fix pen.
- 4 Insert two small yellow paper roses in the tiny hole of one of the 4 quail eggs.

\* Without drying time
