<b>85 100 02</b>	Decorative feather	1 piece
<b>53 689 278</b>	Cotton fabric	0,15 x 0,15 m

## Additionally you need:

<b>33 398 00</b>	Special double-sided adhesive tape
<b>89 379 00</b>	Pointed paper scissors
<b>89 537 00</b>	Scissors for fabric

## Instructions:

**1** Place the label in the heart-shaped casting mould with a motif facing up. Affix it by means of the double-sided adhesive tape.

**2** Mix the fuchsia coloured pigment with the Raysin casting powder in a small vessel. Blend it evenly. According to the desired colour intensity, you have to put more or less colour pigment.

**3** Mix the blended casting powder with water. The colorfully stirred Raysin must be immediately poured into the mould.

**4** Fill the already prepared mould. After about 30 minutes, you can demould carefully the heart.

**5** Remove afterwards the labels with for e.g. the tip of the wooden skewer or a head pin. Allow the heart to dry out for one or more days.

**6** To decorate it, wrap the metallic decorative element Love and the mini tassel with organza ribbon and hemp-cord onto the heart. Tie a nice bow.

**7** When it comes to the heart-shaped pap.mâché box, cover the lower half of the box bottom with the Washi tape Dots and the lid with feather, sticker and Washi tape Hearts.

**8** Put some fabric into the heart-shaped box, put the heart in and close the packaging with elastic threads and a metallic decorative element Heart.
