Pinkish rose-shaped kneading-soap

Used items:

- 34 223 000** Kneading-soap 15 g
34 246 313 Soap-colour, purple 3-4 drops

Additionally you need:

Kettle, cooking oil, craft stick, vessel for stirring

Instructions:

- 1** Mix the kneading-soap with a hot water, a cooking oil and the soap colour.
- 2** For example, 15 g of the kneading-soap with 6ml of a hot water and about 3 drops of a cooking oil and 3-4 drops of the purple soap colour.
- 3** Stir this mixture with a craft stick and let it rest for 10 minutes.
- 4** Then, knead once more the compound thoroughly.
- 5** Take out of this compound about 0,5 cm up to 1 cm big ball (depending on the size of the rose) and shape out from this ball a rose petal that you bend carefully at the center of the rose. You can fix small cracks by a wet finger.
- 6** Make the next rose petal in the same way and put it on the first one. Repeat this step with each further rose petal all around. Bend the flower petals minimally outwards at the upper edge.
