- 3 Attach all strands to the raw wood ring. Pin the raw wood ring to a cork base by means of the pearlized head straight pin.
- 4 With 4 cords, tie a reef knot. For the first row, you need 10 reef knots.
- 5 For the 2nd and 3rd row, tie together half of each of the two knots to the reef knots and do not tighten them too tightly.
- 6 Now cut the cords off, except for 2 pieces, which are later used to form the hanger. Put the snowflake on the cardboard with aluminium. Then coat the snowflake with the textile strengthener. Allow to dry thoroughly out.
