Black & gold coloured wide bracelet

Used items:

14 201 616	Glass faceted bead, 6 mm ø, gold semi-opaque	60 pcs
14 201 576	Glass faceted bead, 6 mm ø, black, not iridescent	60 pcs
14 201 606	Glass faceted bead, 6 mm ø, silver semi-opaque	60 pcs
89 168 37	Magic-Stretch, crystal	2.5 m

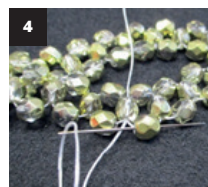

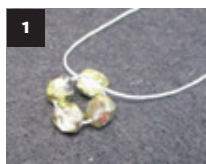

Additionally you need:

21 548 00	Special needle to thread beads	2 pcs
89 378 00	Craft scissors	

Instructions:

- 1 Thread the both ends of the Magic-Stretch, one by one, in a needle for beads, then thread 3 gold glass faceted beads and cross through the next one, slide them into the middle, the both threads should be of the same length.
- 2 Thread each time a glass faceted bead on both threads and cross through the next one. Repeat this step continuously until the desired length of your bracelet is reached.
- 3 Cross through the 1st faceted bead and thereby, close the bracelet.
- 4 Cross sidewise through a glass faceted bead: thread the outside located thread through a lateral glass faceted bead.
- 5 Thread the other thread successively through 2 glass faceted beads and cross through the lateral bead.
- 6 Thread 2 black glass faceted beads on and cross through the next one.

Instructions:

7 Thread through the next lateral glass faceted bead, thread a black glass faceted bead on the other thread and cross through the next one. Repeat this step continuously.

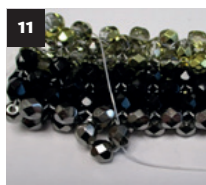

8 Thread through the first black glass faceted bead and cross through the next one.

9 For the next round, thread 1 black and 1 anthracite glass faceted bead on and cross through a further black one.

10 Finish the round by closing it with a grey glass faceted bead.

11 Thread the last round with anthracite glass faceted beads.

12 At the end, thread inwards the Magic Stretch pointing outwards and tie the two both Magic Stretch threads with a safety knot. Sew the ends up in 2 beads at a time and cut the rest off.
