Soap "Wash away
all your troubles"

WWW.RAYHER.COM

Used items:

34 228 000	Creative-soap	118 g
34 246 374	Soap colour, azure-blue	2-3 drops
34 249 000	Soap fragrance oil, ocean	1 drop
34 282 000	Label "wash away all your troubles"	
34 232 000	Soap casting mould: square	

Additionally you need:

Scale, pot, melting pot, small plastic container, craft stick as a stirrer or teaspoon, tablespoon

Instructions:

- 1 Melt the creative-soap in a water-bath on the stove (max. 60° - do not boil).
- 2 After a complete melting, stir into the liquid soap the soap colour and the fragrance oil of your choice. Therefore, use a craft stick or a teaspoon.
- 3 For the soaps with motif or logo, place upwards the label with the stamping.
- 4 To avoid blistering or slipping of the label, use at best a tablespoon with which you fill the casting mould with the liquid soap.
- 5 Let the soap dry well out (at least 2-3 hours, ideally one day).
- 6 Demould the soap by a slight pressure. Remove the label at best with a pointed object e.g. a needle.

Tip Let the finished soap dry at best for 2-3 weeks; the longer it ripens, the firmer becomes.

7 Depending on the temperature and airiness, the soap can perspire. We therefore recommend to wrap the soap after its demoulding in a transparent foil for flowers (cellophane).

8 Clean the soap casting mould and the pots with hot water.
