- 2 Stir this mixture with a craft stick and let it rest for 10 minutes.
- 3 Then knead well once more the compound and paint it in portions in the hand with the corresponding soap colours. Now you can shape single balls as of this compound.
- 4 Impale the single balls onto the wooden skewers and let them dry well.
- 5 During the drying time, paint the bio cardboard cup as well the lid by using the All Purpose paint.
- 6 Once the cup has dried out, you can decorate it with ribbons and punched & stamped elements.
- 7 Fill the cup with the bath salt and insert the decorated wooden skewers with the kneading-soaps into the cup.
