

CRAFTING IDEA

GB

Christmas inside a glass jar.
Festive mood through subtle
lighting.

Used items:

46 046 000	Storage jar with glass lid, 10 cm ø	1 piece
66 075 444	Decorative fir trees, snow-covered, pine green	3 pieces
69 144 000	Micro LED string of lights with wire	1 piece
46 653 999	Wooden Santa to hang up, colourful	1 piece
60 960 000	Decorative peel-off motif Happy, black/gold	1/8 bag
39 601 00	Decorative snowflakes	1/20 bag
55 704 616	Glitter ribbon, gold	10 cm
33 398 00	Special double-sided adhesive tape	10 cm
33 381 00	3D glue, 80 ml	some

Additionally you need:

- 89 377 00** Craft scissors
Button cell batteries

Instruction:

- 1 Clean the storage jar with dishwashing detergent and water. Cut your favourite message out, e.g. "enjoy the little things", from the decorative peel-off sheet and transfer it as described on the packing instructions.
- 2 Then roll up the string of lights to match the size of the glass base, insert the 2 button cell batteries and put them in the bottom of the glass jar. Affix the small decorative Christmas tree and the smaller one in front of it on the battery compartment by means of the 3D glue. Take the wooden Santa and also glue it to the bottom of the glass jar, facing the lettering.
- 3 Now you can scatter the decorative snowflakes inside the glass jar.
- 4 Decorate the base of the large fir tree with the golden glitter ribbon by means of the special double-sided adhesive tape and stick it in the middle of the glass lid.
