89 380 00	Craft scissors
33 397 00	Glue for jewellery

Instructions:

- 1 Thread 2.40 m of thread in a needle for beads, slide it into the middle and knot the two ends.
- 2 Thread all of the 224 anthracite glass faceted beads at the length of 90 cm.
- 3 Cut the thread at the needle off, and tie the two ends with a safety knot. Put some glue onto the knots.
- 4 With the 3 further 4mm & 3mm beads, thread for each size the strands at the length of 90 cm and tie them up. Thread successively the 6mm silver & anthracite glass faceted beads at the length of 45 cm, and tie the two ends of this 90 cm long strand with a safety knot.
- 5 At the end, hang the strands onto your index finger, twist them together, hang them onto the chain lock Clip and close it.
