

CRAFTING IDEA

Star-shaped tag with acrylic marker

GB

Used items:

36 049 000	Casting mould „Star“, 9 cm	1 pc
34 152 000	Creative-cement	approx. 120 g
62 039 000	Wooden skewer	1 pc
55 216 02	Organza ribbon 7 mm, white	0.25 m
35 007 102	Acrylic marker, white	some

Additionally you need:

22 449 000	Bead reamer
89 530 000	Sandpaper
37 103 000	Brush

Cooking oil, sieve, support out of Crepla or cardboard

Instructions:

- 1 To start the preparation, put the star-shaped casting mould on a solid and even surface, so that it doesn't wiggle and coat its inside with cooking oil.
- 2 In order to remove the larger pebbles from the cement, you should sieve about 120 g of the cement powder before mixing with water, through an ordinary household sieve.
- 3 Pour about 13 ml of water (once the cement is sieved, the mixing ratio is changing according to the instructions on the package) in a plastic bucket and then gradually add approx. 80 g of the sieved creative-cement powder. Stir this mixture with a craft wooden stick until an uniform and castable mass is obtained.
- 4 Fill the prepared big star-shaped casting mould with the casting compound up to the desired height. Let the mixture rest for about 1-2 minutes. Thereby tap repeatedly and slightly onto the mould to release any air bubbles from the cement mixture.
- 5 Let it dry out overnight.
- 6 Now, you can demould the cured object by removing the scotch tape and upturning the wooden skewer. Turn the star-shaped casting mould around and lay it onto support out of Crepla or cardboard. Tap the star-shaped casting mould carefully on your support, so that the star out of cement becomes entirely detached from the mould.
- 7 Allow it to harden. The curing time varies depending on the size and the temperature (one to several days).
- 8 Small burrs and irregularities can be quickly & easily grinded with sandpaper. The hanging up hole can be reworked as required with the bead reamer.
- 9 As a special highlight, you can decorate the star by means of the acrylic marker with dots or other patterns. Let it dry out and attach an organza ribbon as a hook.
