## Instructions:

**1** For the bracelet, thread 7 Delica-Rocailles of 1.6 mm in your desired colour change and tie them together to form a ring.

**2** Second row: thread a Rocaille, skip the first Rocaille on the left after the knot, and thread through the next Rocaille. Repeat this step 3 times.

**3** From the third row, thread continuously a Rocaille into gaps. Apply colours of your choice.

**4** Repeat this step continuously.

**Tip** Once the threading silk runs out, sew it up and thread a new yarn.

**5** Thread the bracelet 16 cm long. (Keep in mind your desired length including the clasp). Then, sew the threads up and cut off the rests.

**6** For the heart-shaped pendant, cut the threading silk to 80 cm.

**7** Thread 9 petrol Delica-Rocailles on.

**8** Stairstep stitch: Thread back through the last threaded Rocaille, from left to right.

**9** Repeat this step until all Rocailles are interlinked. To strengthen further, thread back again through the penultimate and last Rocaille.

**10** Brick stitch: Thread the first Rocaille of the second row and through the Rocailles of the first row in between.

**11** Thread back through the Rocaille.

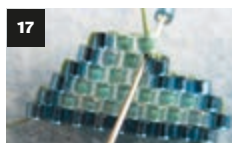

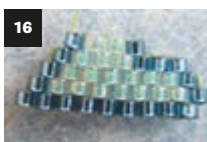

**12** Thread successively 7 Rocailles turquoise in the same manner. Thread on an edge bead petrol and thread through between the already threaded Rocailles, then thread back through the Rocaille.

**13** 3<sup>rd</sup> row: Thread 1 Rocaille petrol, 6 × turquoise and 1 × petrol.

**14** 4<sup>th</sup> row: Thread 1 Rocaille petrol, 3 × turquoise and 3 × petrol.

**15** Thread through 3 times in a row without Rocailles.

**16** 5<sup>th</sup> row: Thread 1 Rocaille petrol, 2 × turquoise and 1 × petrol.

**17** 6<sup>th</sup> row: Thread 1 Rocaille petrol, 2 × turquoise and 1 × petrol.

**18** 7<sup>th</sup> row: Thread 1 Rocaille petrol, 1 × turquoise and 1 × petrol.

**19** 8<sup>th</sup> row: Thread 2 Rocailles petrol, then thread through the Rocailles to the outer heart's arch. For the loop, thread 5 Rocailles turquoise. To strengthen further, thread 3–4 times through this loop. Sew the threads up and cut the rest off.

**20** Open the small ring by means of the flat nose pliers, hook the carabiner, heart and the tassel, then close it again. Hook the small ring up to the bracelet, and attach the carabiner to it. Finally, glue the ends into the magnetic clasp with some glue for jewellery and allow it to harden for 12 hours.
