Silver-shadow gym bag with cork

Used items:

53 933 861	Metallic leatherette fabric silver-shadow 2 × 48 cm × 35 cm 2 × 3,5 cm × 10 cm	
53 933 610	Metallic leatherette fabric brill.silver	35 cm × 4 cm
63 031 606	Cork fabric granulate with silver metallic effect 35 cm × 15 cm	
53 922 558	Cotton fabric, floral, stone grey 2 × 40 cm × 35 cm	
53 883 607	Metallic eyelets for closure, 24 mm ø, antique silver	8 pcs
55 369 576	Paracord, 3,5 mm ø black	3 m

Additionally you need:

53 888 000 Fixing clamps
Sewing machine
Sewing thread
Fabric shears
Ruler

Instructions:

1 For this sport/backpack, no cutting pattern is required, as it concerns simple geometric cuttern parts. Instead, you can crop the parts using the following dimensions.

Metallic leatherette fabric silver-shadow:

2 × 48 cm × 35 cm
2 × 3,5 cm × 10 cm

Metallic leatherette fabric silver:

1 × 35 cm × 4 cm

Cork fabric granulate with silver metallic effect:

1 × 35 cm × 15 cm

Cotton fabric flowers:

2 × 40 cm × 35 cm

2 In the first place, put the cork fabric granulate with silver metallic effect on one of the two cuttings of the metallic silver-shadow leatherette fabric (48 x 35 cm) from the bottom edge and quilt the cork fabric.

3 Sew the cutting metallic brilliant silver leatherette fabric (35 x 4 cm) over the upper edge of the cork fabric. When quilting, the long sides are going to be turned inside every 1 cm.

4 When it comes to flaps, fold the length according to the cutting with 4 x 10 cm out of the metallic silver-shadow leatherette fabric, and turn the edges inside about 1 cm. Then top stitch it narrowly at the open edge.

5 Join the front and the back side together: put the second metallic silver-shadow leatherette fabric cutting onto the front side of the sport bag.

6 Sew the 2 cutting parts on the right sides together at the side seams and the bottom seam as well, and catch thereby the tabs at the side seams above the silver strip.

Instructions:

- 7** Next, sew the bottom edges as follows: pull the both lower bag's edges bottom apart so that the side seam lies exactly on the bottom seam.
- 8** It results in two triangles – the bottom edges. Top stitch the edges transversely to the side seam, thereby measure 3 cm from the edge tip, highlight the right angle to the seam by a bounding line, and sew along this line. That way arises a bottom width of 6 cm.
- 9** Cut the edges up to 1 cm back. Turn the outer part of the sport bag right side out.
- 10** To sew the lining, place the two cuttings of the cotton fabric Flowers on the right sides, and top stitch the two side seams and the bottom seam as well.
- 11** Sew the bottom edges up as with the outer sport bag.
- 12** Join the sport bag together as follows: put the lining and the outer sport bag into each other. Now, sew the upper edge of the lining-sport bag with the upper edge of the outer sport bag together and leave thereby an opening for turning.
- 13** Turn the bag right side in through the opening left for it and sew the opening narrow to the edge.
- 14** Fold 4 cm of the metallic fabric with the lining fabric inwards, so that an inner wrong side is formed which has to be top-stitched uniformly.
- 15** Mark on this wrong side the positions where the tabs will be placed, as follows: from the finished up to the next side seam 4.5cm a tab 8cm. Place the tabs as described in the instructions on the package.
- 16** Divide the black paracord 3 m long by cutting it into 2 pieces each being now 1.5m long.
- 17** Thread it one on top of the other through the tabs and the lateral flaps.
